From the Quarter Master General, Head Quarters, Ootacamund, 19th August 1865, No. ⁴¹¹/₃₂₆₇; to the Secretary to Government, Military Department.

SIR,

With reference to Proceedings of Government, No. 2,996, dated 12th instant, approving of the plan and working of the Stoves in use at the Remount Depot at Oosoor, I have the honor, by order of His Excellency the Commander-in-Chief, to request to be informed, with reference to Proceedings of Government, No. 2,644, dated 17th July 1865, whether the Stove at Trichinopoly is to be improved or abandoned, and also whether the plan referred to in the first mentioned Order is to be adopted at all places, or what course is to be taken?

The Governor in Council observes that Colonel Thompson's Report, on the Stoves in use for boiling gram at Oosoor, was communicated to the Commander-in-Chief for His Excellency's information, and for communication, if deemed desirable, to Officers concerned, with reference to the economy of time, fuel, and pots resulting from their use; but, if the improvement or construction of Stoves generally be desired, the work must be effected under Regimental arrangements, at the expense of the Officers drawing the Contract allowance for boiling gram, or if desired, it can be executed by the Department of Public Works, on the requisition of Officers commanding Corps and Batteries, on payment of the cost.
