Proceedings of the Madras Government, Marine Department,
21st September 1865.

No. 26. Read the following letter from J. J. FRANKLIN, Esq., Superintendent of Marine, to the Honorable A. J. ARBUTHNOT, Chief Secretary to Government, Fort Saint George; dated Madras, 7th September 1865, No. 3188.

I have the honor to inform you that on that portion of the Pier where the loading and unloading of cargo is carried on, the platform or deck is continually requiring repair, in consequence of the mode of its construction; as many as five or six of the cross pieces of which the platform is composed having frequently been broken in one day. I therefore solicit permission to renew this part (about 200 feet) with mango plank, which is far tougher and better adapted for wear than teak, when exposed to sun and wet, and to expend thereon about 3000 Rupees from the Port Fund.

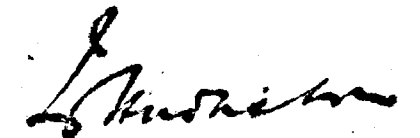

2. The work is essentially a Marine work and not an Engineering one, and requires ships' carpenters to execute, and a person somewhat conversant with ship building to superintend.

3. These repairs require to be undertaken as soon as the north-east moosoon sets in, when the Roads are clear of shipping.

No. 27. ORDER THEREON, 21st September 1865, No. 202.

The Governor in Council authorizes the renewal of the teakwood platform at the head of the Pier with mango plank, at a cost not exceeding Rupees (3000) three thousand, chargeable to the Madras Port Fund.

(True Extract).

Acting Secretary to Government.

To the Superintendent of Marine.
" Public Works Department.
" Accountant General.
