*Proceedings of the Madras Government, Public Works Department,
7th October 1865.*

- Read the following papers :—

No. 158. From Lieutenant-Colonel C. H. DICKENS, R. A., Secretary to the Government of India, Public Works Department (Account), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 28th August 1865, No. 768A.

SIR,

I am directed to acknowledge receipt of your letter, No. 2,187, dated 1st August 1865, transmitting revised estimate of Public Works Revenue for 1865-66, and with reference to the entry of Rupees 1,01,687 therein, under heading "Sales of buildings and of tools and plant," to point out that a corresponding sum appears in Appendix E.* of the Budget

* Estimate of Public Works receipts.

Estimate for the current year as likely to be received by sales of stock. I am directed, therefore, to request information as to the correct classification of the item in question, as if it represents a probable receipt on account of "Sales of stock," then the sum involved should not be carried to credit of Revenue,† and should

† *Vide* paragraph 13, Section 5, Chapter XX., accompanying Standing Order No. 21 of 1865.

consequently not have been brought forward in the estimate now submitted.

If, however, the item be for tools and plant estimated to be sold, then of course it will have been properly introduced with this estimate, which in other respects is quite complete and satisfactory.

—

Referred to the Controller of Public Works Accounts, with a request that he will furnish the information required.

No. 159. From Captain J. F. FISCHER, R. E., Controller of Public Works Accounts, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Madras, 23rd September 1865, No. 1,340.

SIR,

‡ Herewith returned.

With reference to the letter‡ from the Secretary to the Government of India, Public Works Department, No. 768A,

dated 23th August 1865, referred to me for explanation, I have the honor to state that the sum of Rupees 1,01,687 is intended to represent the estimated receipts by the "Sales of buildings, old materials, and tools and plant," and that it was entered in the original estimate appended to the Budget of 1865-65, under "Sales of stock," on the supposition that this head was intended to exhibit such receipts, apart from tolls, fines, refunds, rents, &c., taken under "Miscellaneous Imperial." The revised form of estimate being more explanatory, the amount was entered under the proper head. I take this opportunity to notice the following difference between the form of estimate and the form of Annual Account Current, in the classes of receipts to be taken under Revenue Imperial, as I think they should be the same in both accounts :—
