Estimate for repairing the
Roofing room, walls &c of the
Burial grounds in the Cantonment
of Bellary

Amount of Estimate Rs 295.-

Presg. October/65 B. B. 1/1

Supp. Engineer 3rd

The Secretary to Government
Public Works Department

Sir,
With reference to para 1 of H. O. No. 17th July last, I have the honor to acknowledge the sanction and Estimate, amounting to Rs 295 for repairing the Roofing room, walls &c of the Burial grounds in the Cantonment of Bellary.

526 of 30th June/65 you, as already stated, that there are no funds in the Budget of 1865-66 for repairs of the Burial grounds in the Bellary District.

2. As regards the remark made of the Estimate by the Chaplain and I have given instructions to include the same in the Estimate for extending the Burial grounds for in H. O. No. 2593 of the 6th Instant. I do not intend to receive of this order, that I have made a mistake in my letter No. 526 of 30th June last, West instead of South. I was in the Cantonment at the time and was misled by the word West used by the Acting Cantonment Magistrate. The ground on the West is only a strip not a large one broad at the North end and about 20 yards at the South end.

3. I would propose the extension on the East side, where there is ample room: as this side ever forms part of the old Artillery Park.

Burial grounds at Ramandroog and Gooty. I have the honor to request that Government will sanction Rupees 250 annually for future Budgets for repairs of Burial grounds. For the current year the repairs of the Ramandroog and Gooty Burial grounds, which are only petty, might be carried out from the amount allotted in the Budget for Civil Buildings.

5. I also beg to bring to your notice that no sum has been allowed in the Budget for repairs of churches in the Bellary District and request that I may be allowed to enter Rupees 200 under this head in future Budgets.

6. In Para. 2 of my letter I stated that Estimates were being prepared for the Burial grounds in the Ban-
tombent and Civil Lines at Bellary, but that the amount entered in the Budget was insufficient: the estimates for these repairs amount to Rupees 125 and Rupees 70 respectively, whereas the allotment is only Rupees 50. the balance might be taken from the amount entered for special unforeseen repairs.

7. Lastly, as regards Karnool, the amount of Estimate for repairing the Burial ground at that Station is Rupees 50 but there is no sum allotted in the Budget for the Karnool Range; the Rs. 20 allotted for Churches Ist for the Gumbum Range may possibly be required. I beg permission to carry out this work and that the amount may be adjusted hereafter and would also beg that for future Budgets a sum of Rupees 100 may be allowed for churches Ist in the Karnool Range.

I have &c

A. M. S.

Captain R.E.

Supy. Engineer & District

N.B. The amount of Rupees 20 allotted for the Gumbum Range in the Karnool District has been appropriated for repair of Chowk.
