| 164       | 14th June 1865. | Coimbatore.<br>Constructing Lawrence Asylums at Ootacamund. | .....                                            | RS. A. P.<br>45,098 3 6 | 1863-64.                               | 16th August 1865. | The estimate for this work is not yet sanctioned. This bill is prepared in the old form. The Superintending Engineer states that as soon as the estimate is sanctioned, the bills for this work will be prepared in the new form, and the present bill cannot be re-cast, not only for want of the sanctioned estimate, but also that no notes of actual quantities of work done up to the end of April 1864 alone, under items of proposed estimate, had been kept. It is noted on the face of this bill that this work is in progress, but the Superintending Engineer states that it was washed away in May. The balance of the estimate was cancelled, and a new one substituted, under which this work is now in progress. |
| 210       | 22nd July ..    | Repairing the Vettamungalem tank.                           | Rupees 1,020, G. O. MADRAS,

7th October 1865.

(Signed) J. F. FISCHER, Captain, R. E.,

Controller of Public Works Accounts.

Proceedings of the Madras Government, Public Works Department,  
19th October 1865.

No. 431.

No. 1,525.

List of Bills received from the Superintending Engineer, 7th Division, for works executed in the South Canara District, submitted for the sanction of Government, which exceed their estimate by more than 5 per cent.

| Audit No. | Date of Bill.   | Description of Work.                                                                             | Amount of estimate and No. and date of sanction.  | Amount of Bill.                    | Excess.  | Percentage of Excess. | To what year expenditure appertaining. | Date when received. | Remarks.                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
|-----------|-----------------|--------------------------------------------------------------------------------------------------|---------------------------------------------------|------------------------------------|----------|-----------------------|----------------------------------------|---------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 137       | 17th July 1865. | South Canara.<br>Constructing a 2nd Class Travellers' Bungalow at Sirady on the Munzerabad road. | Rupees 2,980, G. O. 2nd November 1864, No. 3,360. | RS. A. P.<br>2,440 8 3<br>490 12 7 | .....    | .....                 | 1864-65.<br>1863-64.                   |                     | The cause of excess is chiefly due to high prices having been paid for skilled labor at Sirady, where sickness was very prevalent in the months of February, March, and April 1865, the Superintending Engineer states that Lieutenant Filgate's zeal and activity enabled him to get through his work on the road below Munzerabad that in the very unhealthy season just past.                                                                                            |
|           |                 | Total amount of bills passed by this Office ...                                                  | .....                                             | 2,931 4 10                         |          |                       |                                        |                     | Lieutenant Filgate's Overseers and Maistries were repeatedly urged from Sirady by sickness, and the workmen themselves could scarcely give an equivalent for the high wages it was absolutely necessary to pay them in order to keep them together. Lieutenant Filgate's own health has materially suffered from his persistent attention to the work of his Range, in which more work has been performed in one season than had been effected in a series of years before. |
| 128       | 20th June 1865. | Constructing a bridge, No. 3, on the frontier of the Munzerabad Road.                            | Rupees 1,756, G. to the Secretary to the  
Public Works Account

The estimate for this work is not yet sanctioned. The Bill is prepared in the old form. The Superintendent Engineer states that it was made as far as the estimate is concerned, the Bill for this work will be prepared in the new form, and the present Bill cannot be passed, not only for want of the sanctioned estimate, but also that no order of actual quantities of work done up to the end of April 1865 alone, under clause of proposed estimate has been made.

It is noted on the face of this Bill that the work is in progress, but the Superintendent Engineer states that it was made as far as the estimate is concerned, the Bill for this work will be prepared in the new form, and the present Bill cannot be passed, not only for want of the sanctioned estimate, but also that no order of actual quantities of work done up to the end of April 1865 alone, under clause of proposed estimate has been made.

As the estimate for this work is not yet sanctioned, and as the Bill is prepared in the old form - it is submitted for the sanction of Government accordingly to Chapter IV, paragraph 13 of the Public Works Code.

To the Secretary to Government,  
Public Works Department,  
West George.
