No. 688. Read the following Endorsement of the Acting Deputy Consulting Engineer for Railways, in charge, dated Madras, 17th October 1865, No. 509:—

Read the following letter from the Collector of North Arcot, to the Consulting Engineer for Railways, dated Chittoor, 11th October 1865, No. 42.

1. In continuation of my letter No. 40, dated 4th instant, I have the honor to forward an additional Register and Bill, showing the particulars of certain Inam lands taken up on account of the South-West and North-West Railways, with the amount of compensation awarded.

2. This Register contains thirty-two claims, of which thirteen are Village Service Inams cognizable under Regulation VI. of 1831, and the others are Sannad and other Inams, enfranchised by the Inam Commissioner.

3. The total area of both descriptions of Inam lands is Ks. 35-6-8 or 46-82 Acres, assessed at Rupees 132-14-8. The compensation awarded amounts to Rupees 1,443-8-1. Some of these Inamdars have already received Rupees 165-6-5 from the late Collector Mr. Whittingham, in part payment of the compensation due to them. I, therefore, solicit sanction for the balance of Rupees 1,278-1-8, in order that I may make a final adjustment of these claims.

4. Provision has been made in the Budget of 1865-66, to meet the disbursements now recommended.

5. The prescribed Statement of lands proposed to be granted to the Inamdars concerned, in lieu of the portions of their Inams, appropriated for Railway purposes, as stated above, is under despatch to the Board of Revenue for the eventual sanction of Government.

—

1. The Register includes lands taken up in Fuslies 1265-66 and 1269. It does not specify the numbers of the plans transmitted from this Office, and it is impossible without that information to exercise any check over the area of the lands transferred, or the classes under which they are arranged.

2. A Circular has been forwarded to Collectors to refer, in future, in their Registers the particulars of land as specified in Schedules sent to them, with plans, from this Office. On this being done there will be no difficulty in checking the Registers.

3. The following figures show the amount of compensation payable:—

	Rs.	A.	P.
Land under Class A	833	11	8
Do. do. B	344	3	3
Do. do. C	56	14	0
	1,234	12	11
Deduct portion already paid	166	6	5
Balance	1,069	6	6
Interest at 6 per cent	208	11	2
	1,278	1	8

one thousand two hundred and seventy-eight, Anna one, and Pies eight, for which I would recommend that sanction be granted.

4. The Register forms the Record of the Consulting Engineer's Office, and I request that it may be returned to me with the sanction of Government.
