*Proceedings of the Madras Government, Public Works Department,
3rd November 1865.*

No. 69. Read the following letter from the Officiating Superintending Engineer, 1st Division, to the Secretary to Government, Department Public Works, dated Waltair, 17th October 1865, No. 1,333 :—

In forwarding the accompanying original letter from Lieutenant Smalley, No. 150, of 7th October 1865, reporting his reasons for commencing the work, "repairing Travellers' Bungalow at Beemadole, estimate Rupees 260," in anticipation of funds being granted, I have the honor to request that the sanction of Government may be given me to complete the work; the necessary appropriation being met from the current year's Budget allotment under the head Repairs Navigable Canals, Rupees 2,000, of No. 4 Range, Godavery.

From the Assistant Engineer, Godavery, to the Superintending Engineer, 1st Division, dated Elloor, 7th October 1865, No. 150.

In answer to your letter No. 1,062 of 25th ultimo, paragraph 4, I have the honor to explain that the whole of the roof was off the Beemadole Travellers' Bungalow on the 1st May; this work having been done out of the sanctioned estimate for Rupees 260 of 1864-65, preparatory to renewing the decayed rafters, reepers, and tiles, of all which a great part were discovered to be unsound. I therefore took upon myself to do the absolutely necessary work to make the Bungalow serviceable, without appropriation, stopping work directly what was absolutely necessary had been done. I did not anticipate there would be any difficulty in providing funds out of local sources. The expenditure may be met out of one of the following unappropriated balances :—

	Amount of balance unspent.
Communications, Navigable Canals	Rupees 288
General buildings	„ 200
Discretionary allowance	„ 250
