122-123

Dated 7 — 11 — 1865.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 7th November 1865.

No. 122. Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Department Public Works, dated Coonoor, 27th October 1865, No. 161 :—

1. I have the honor to state that Major Farewell reports the sum of Rs. 539, allotted in G. O. No. 1,868, of 4th July 1865, for carrying out a work sanctioned in G. O. No. 2,611, of 11th September 1863, to be no longer required for its original purpose, viz., that of constructing catch and over-drains along the Coonoor water course. The consolidation of the earth along the channel banks in the three years since its completion, and the operations of the maintenance establishment since the estimate was framed, have together superseded the necessity of further action.

2. Under which circumstances the Collector concurs with us that the sum in question will be laid out more for the benefit of Coonoor in opening for carriage traffic, as per accompanying estimate, a short line of 1,200 yards, traced by Captain Law to supersede three most objectionable zig-zags on the direct communication between Coonoor and Wellington, which has already been opened out as a bridle-path with an allotment from last year's grant for "Hill roads," with the immediate effect of all the land on both sides of it being taken up for building sites.

No. 123. ORDER THEREON, 7th November 1865, No. 3,340.

ACCOUNT, No. 12.

The Government authorize the appropriation of the sum of Rupees 539, referred to in this letter, to the improvement of the new trace between Coonoor and Wellington.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

From The Superintending Engineer
1st Division

To The Secretary to Government
Public Works Dept Madras

Sir,

I have the honor to state that I require
Seventy rupees the sum of Rs 539 allotted in G.O.
Ser. 1868. of 14th July 1865 for carrying out the works planning
-ed in G.O. Ser. 2611 of 11th September 1863. To be no longer
required for the original purposes, viz that of Con-
structing Gates and Over Bridges along the
Coonoor Water Course. The consolidation of
the Earth work the Culverts Drains &c. &c. the
Stone facing the Culverts and the operation
of rain since the completion, and the operation
of the Guarantee for Establishment since the
Estimate was framed, have together rendered
=ded the necessity of further Protection
Ditches & retaining walls &c. &c.

2. I beg to concur with the Superintending Engineer
= in that the above
= Estimate would be laid out more for the benefit
of the Coonoor and adjoining Coffee Planters
= for the convenience of Carriage traffic
= for the Public generally. Estimate, Plan
Sketch of the ground. Traced by Captain Lam-
to Inspector of Public Buildings Extract from
the Register of Communications between
the District Committee Wellington Coonoor
and Wellington; which has already been
referred to as Proceedings with the Ac-
-tual Superintendent from last year Grant for the said
Road; In with the Immediate effect of all
the Land on both sides of the Long Valley
