*Proceedings of the Madras Government, Public Works Department,
8th November 1865.*

No. 128.

CIVIL WORKS, No. 23.

Dated 8th November 1865, No. 3,343.

1. In the Budget for the current year, provision to the extent of Rupees 20,000 was made for the erection of a Foundry in connection with the Public Works Workshop under construction at Chepauk, but this item, with many others, was struck out to meet a reduction in the Budget grant which had been ordered by the Government of India.

2. The requisite machinery for the Foundry was received from England some years ago, and as it is very desirable that it should be set up with as little delay as possible in the Public Works Workshop, which, without so important an auxiliary as a Foundry would be incomplete, the Government resolve to instruct the Superintending Engineer of the 4th Division to make arrangements for putting the work in hand at once, and for carrying it on as expeditiously as possible.

3. There are no funds at present at the disposal of Government, but there will doubtless be savings towards the close of the year to meet the expenditure that may be incurred under these orders.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,

Secretary to Government.

To the Superintending Engineer of the 4th Division.

„ Accountant General.

„ Controller of Public Works Accounts.

Public Works Department

Proceedings of the Madras Government

Under date the 8th Nov: 1865

In the Budget
for the Current year, pro-
vision to the extent of
Rs. 20,000 was made for
the erection of a Building
in connection with the
Public Works Workshop
under construction at
Chepauk, but this item,
with many others, was
struck out to meet a
reduction in the Budget
grant which had been

the
J. P.
W. P.

ordered by the Govern-
ment of India.

The requisite ma-

chinery for the Foundry

was received from England

some years ago, and as

it is very desirable that

it should be set up with

as little delay as possible

in the Public Works Work-

shop, which, without so

important an auxiliary

as a Foundry would be

incomplete, the Govern-

ment resolves to instruct

the Superintending En-

-gineer of the Lth Div.

to make arrangements

for putting the work

52
in hand at once, and
for carrying it on as ex-
pediently as possible.

There are no funds
at present at the disposal
of Government, but there
will doubtless be savings
towards the close of the
year to meet the expendi-
ture that may be incurred
under these orders.

A.B.

The Secretary of the Lth Div.
Accountant General
Controller of the Revenue
