*Proceedings of the Madras Government, Public Works Department,
8th November 1865.*

No. 134. Read the following letter from the Collector of Nellore, to the Secretary to Government, Public Works Department, dated Nellore, 24th October 1865, No. 39:—

In their Order in the Public Works Department, dated the 20th January last, No. 189, the Government expressed their regret that owing to the large number of incomplete works to be provided for in the then outgoing Budget, it was not possible to allot funds for the extension of the East Coast Canal from Dugarazupatnam to Krishnapatam in 1865-66, I have the honor to request that I may be informed whether it will not be possible to find funds for the execution of this work in 1866-67.

2. It is I feel unnecessary for me to reiterate the many opinions already advanced, as to the great importance of this extension to the trade of Nellore and the country on the Kandlerú.

3. And I do myself the honor of applying for the information now requested, as it would be no use my troubling the Superintending Engineer on the subject, unless I had reason to believe the necessary funds were available.

No. 135. ORDER THEREON, 8th November 1865, No. 3,346.

ACCOUNT, No. 14.

As the Government of India have not yet intimated the allotment for works of Public Improvement in this Presidency for the ensuing year, the Government are unable at present to say, whether the work mentioned by the Collector of Nellore will find a place in the next Budget. Looking, however, to the heavy demands on account of incomplete works, which must be first attended to, and to the average annual allotment for works under "Communication," His Excellency in Council fears that it will not be possible to provide funds for the proposed extension of the Coast Canal to Krishnapatam in 1866-67.
