*Proceedings of the Madras Government, Public Works Department,
8th November 1865.*

No. 143. Read the following letter from the Superintending Engineer, 8th Division, to the Secretary to Government, Public Works Department, dated Malur, 19th October 1865, No. 1,370 :—

1. I have the honor to request that Government will be pleased to sanction, from the Reserve, Rupees 800 for the purchase of timber confiscated at Papanassam, as it will be probably procured at a more cheap rate than we could otherwise buy it, for the new Taluq Cutcherry at Ambasamoodrum, sanctioned in G. O. No. 3,184 of 4th November 1864.

2. I cannot see any prospect of being able to spare this money from any of my allotments, which are very small this year, for any new works.

3. As the sale is to take place immediately, I shall take it on myself to purchase in anticipation of sanction.

No. 144. ORDER THEREON, 8th November 1865, No. 3,351.

ACCOUNT, No. 18.

1. The Government must withhold their sanction to the proceeding of the Superintending Engineer of the 8th Division, reported in this letter.

The estimate for the Taluq Cutcherry at Ambasamoodrum amounts to Rs. 11,300, and it was distinctly ruled in paragraph 17 of the Circular of the Government of India, recorded in G. O. No. 361, dated 7th February 1865, that "in future no work estimated to exceed Rupees 10,000 in cost, which has not been entered and passed in the Budget estimate, can be undertaken without the previous approval of the Government of India."

2. Colonel Moberly will be reminded that the Reserve for Civil Works is exhausted, and he will be called upon to report without delay from what source the cost of the timber can be defrayed.
