No. 155. Read the following Endorsement of the Under Secretary to Government, in charge of the Office of the Consulting Engineer for Railways, dated Madras, 4th November 1865, No. 548 :—

Read the following letter from the Agent and Manager of the Madras Railway Company, to the Under Secretary to Government, in charge of the Office of the Consulting Engineer for Railways, dated Madras, 31st October 1865, No. 770.

1. I have the honor to submit Forms D., North-West Line, for the month of August 1865, and shall feel obliged by your obtaining the sanction of Government, to the expenditure incurred, viz., Rupees 92,006-10-0.

2. The Chief Engineer has been requested to furnish an explanation which shall be forwarded to you in due course, with regard to the sum of Rs. 624-14-0, the cost of feeding 10½ pairs of bullocks.

1. The actual expenditure on Capital Account of the North-West Line in the month of August last, is Rupees 1,04,114-1-9. From this a sum of Rs. 12,107-7-9, has been deducted, from the expenditure on Districts 4, 5, and 6, being the receipts from haulage of goods, prior to the official opening of the line, between Reddypully and Cuddapah.

2. The explanation furnished by the Engineer of the 6th District, regarding the apparent high cost of feeding bullocks, is satisfactory, and is as follows :—

“ I beg to inform you that the high cost of feeding bullocks in this District for August last, is owing to the fact that a large quantity of gram and straw has been purchased during the month, and you will observe that the cost per pair next month (September) is only about Rupees 7.”

3. The accounts call for no remark, and I would recommend for sanction the expenditure specified, viz., Rupees (92,006-10-0) ninety-two thousand and six, and Annas ten.
