*Proceedings of the Madras Government, Public Works Department,
10th November 1865.*

No. 163. Read the following letter from the Officiating Superintending Engineer, 1st Division, to the Secretary to Government, Department Public Works, dated Waltair, 17th October 1865, No. 1,335 :—

1. I have the honor to submit, for the sanction of Government, the estimate of a highly desirable addition to the means of distribution under the Tooliah Bagah Channel, in No. I. Range of the Godavery District.

2. This estimate, which amounts to Rupees 3,570, provides for an aqueduct over the Chintapilly calingulah channel and a head sluice for the purpose of conveying an increased supply of water to six villages.

3. The Collector informs me that the Ryots have agreed, in the event of the construction of these works, to pay a water tax of Rupees 5,593 on the 1,398 additional acres to be brought under cultivation, for a period of twenty years, whether they use the water or not.

4. I have therefore the honor to recommend the work for sanction, and purpose entering it in the Budget of 1866-67 now under preparation.

No. 164. ORDER THEREON, 10th November 1865, No. 3,361.

CIVIL WORKS, No. 27.

The Government approve of the plans and estimate of Rupees 3,570, submitted with the foregoing letter, for the construction of an aqueduct over the Chintapilly calingulah channel, and of a regulating sluice at the head of the supply channel to the Padapandy, Kykavole, &c., villages in the Godavery District, and sanction the entry of the work in the Budget of 1866-67.
