*Proceedings of the Madras Government, Public Works Department,
10th November 1865.*

No. 178. Read the following letter from the Officiating Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Waltair, 24th October 1865, No. 1,407 :—

1. On the removal of the Battery of Artillery from Waltair at the close of last year, this Department was directed, in G. O. No. 4,542 of 17th December 1864, to remove certain temporary buildings erected by Government for their use.

2. This was done to the satisfaction of the owner of the houses rented, and of the Military Department, at a cost of Rupees 583-8-0, and the amount realized by the auction sale of the materials was Rupees 848-0-11.

3. Since then, the owner of the lands rented by the Military Department under the authority of G. O. No. 1,448 of 6th June 1863, for Riding Schools, Horse-picketing, and Horse-keepers' lines, has preferred a claim to have his fields cleared of certain heaps of gravel, stone, &c., and levelled so as to fit it for cultivation. The Collector and the Military Department are of opinion that his demand should be complied with.

* Rupees 200.

4. I have therefore the honor to submit the accompanying estimate* for the clearance in question, which, as it partakes of the nature of a new work, requires the sanction of Government.

5. The materials to be removed are of no value, as there is an abundance of stone and gravel in the immediate neighbourhood.

6. The work has been proceeded with on emergency at the request of the Military Department, and I propose to meet the cost of it from the Budget allotment for Repairs, Military.

No. 179. ORDER THEREON, 10th November 1865, No. 3,368.

MILITARY WORKS, No. 8.

The work referred to in paragraph 3 may be treated as a repair, and its cost defrayed from the source mentioned in paragraph 6 of the Superintending Engineer's letter.
