*Proceedings of the Madras Government, Public Works Department,
14th November 1865.*

No. 264. Read the following Endorsement of the Superintending Engineer, 8th Division, dated Madura, 30th October 1865, No. 1,482 :—

Read the following letter from the H. S. BARTEN, Engineer, Travancore States, to the Superintending Engineer, 8th Division, dated Trevandrum, 2nd October 1865, No. 1,850.

1. The Resident has forwarded to me your letter, No. 1,080 of the 12th September, requesting my attention to your wishes.

2. I shall be happy to undertake the work alluded to, and if you will submit me your form of accounts, but with as few "Returns" as possible, I will endeavour to follow them.

3. With reference to the requirements at Quilon, as I understand the Regiment now quartered there is to be relieved shortly, it seems perhaps desirable that unless urgent works are needed and called for, no action should be taken to provide for the requirements until the next Regiment and its Commandant arrive.

4. On my visit to Quilon I will inspect the whole of the public buildings, and furnish you with a report of their state.

Submitted for the information of Government, with reference to their Proceedings No. 2,602, dated 6th September 1865.

(Signed) F. J. MOBERLY, Lieut.-Colonel, R. E.,
Superintending Engineer, 8th Division.
