Remarks

- I. Rs 32,500 are reported to be not required from the grant for lands to be taken up for the S. C. C. Main Canal.
- II. The urgent necessity for providing an additional grant for repairs to works in Bangalore has been forcibly represented by the Military authorities.
- III. Rs 20,000 were provided in the current year's Budget for the Foundry; but this sum with others had to be taken out to make reduction in the Budget grant which had been ordered by the Govt. of India. As the Mr. Workshop without the Foundry, would be incomplete, it has been considered proper to allot funds for the commencement of the latter work. The machinery must be provided from the funds of the Foundry several years ago.
- ~~IV. The accommodation now provided being limited & much discomfort being in consequence experienced by the Members & Secretaries of the Board of Revenue, funds have been allotted for the commencement of four additional rooms to be urgently required in connection with the Govt. Cinchona Plantations. This road will connect the Belcherries with Hydrabad, & it being of importance that this working season should be taken advantage of & that the services of a gang of Moplah coolies which is on the spot should be engaged, it is necessary that it should be proceeded with.~~
