*Proceedings of the Madras Government, Public Works Department,
21st November 1865.*

No. 489. Read the following letter from the Consulting Engineer for Railways, to the Secretary to Government, Department Public Works, dated Madras, 17th November 1865, No. 571 :—

1. Adverting to paragraph 3 of Order of the 15th instant, No. 3,428, I have the honor to request that you will be so good as to let me know whether the Observations or Notes of the Officers of this Department on letters from the Agents of the Madras and Great Southern of India Railways, which are submitted to Government, should be separately docketed.

2. The system which obtains at present in this Department of sending on the original letters from the Agents with their own dockets, has been in force for more than thirteen years, and has relieved it of the additional work entailed by writing a new docket for each letter which is submitted with a note.

No. 490. ORDER THEREON, 21st November 1865, No. 3,515.

ESTABLISHMENT, No. 45.

It is absolutely necessary that the Consulting Engineer's Endorsements should be *separately* docketed, as they frequently contain opinions and recommendations opposed to the substance of the letters to which they are attached.
