*Proceedings of the Madras Government, Public Works Department,
22nd November 1865.*

No. 509. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 7th November 1865, No. 155 :—

In G. O. No. 3,414 of 21st November 1863, Government fixed the limit amount for a Range Office at Rupees 350; the accommodation that could thus be allowed for the Writers' room was only 12 feet square; but, as the number of people in a Range Office has been now increased, and at times there might be eight or ten people in the room, it would be simply crowded, and in the hot weather be very unhealthy. The rates also have increased since 1863, and I therefore trust that Government will re-consider their decision, and will increase the amount allowed for a Range Office (at least for the first class Office) to Rupees 550.

No. 510. ORDER THEREON, 22nd November 1865, No. 3,525.

CIVIL WORKS, No. 76.

As the strength of the Range Office Establishments has recently been increased, the Governor in Council directs,

in modification of the Order under date the 21st November 1863, No. 3,414, that the cost of buildings which may hereafter be constructed for the accommodation of these Establishments shall be limited to Rupees 550 for a first class Range, and Rupees 450 for Ranges of the second and third classes.

1st N. D.

Sir,
In L. D. 1st 3414 of 21st November 1863,
Government fixed the limit amount for a Range
Office at Rs. 550. The accommodation that could
then be allowed for the writer's room was only 12
square; but, as the number of people in a Range
Office has since now increased, and at times there might
be 8 or 10 people in the room, it would be simply
crowded and in the hot weather be very unhealthy.
The rates also have increased since 1863 and therefore
trust that Government will reconsider their decision
and will increase the amount allowed for a Range
Office at least for the 1st class Office / Rs. 550.

Yours
A. J. Roberts
