Dated 22. 11. 1865.

*Proceedings of the Madras Government, Public Works Department,
22nd November 1865.*

Read the following papers :—

No. 527. From the Acting Superintending Engineer, 6th Division, to the Secretary to Government, Department Public Works, dated Tanjore, 31st October 1865, No. 1,262.

1. I have the honor to inform you that when Captain Mead was appointed to the special duty of surveying the Cavary, Mr. Supervisor Donaghue, who was on special duty, relieved him, and as the latter succeeded to the Range office, his office establishment was directed to do duty with Captain Mead; this continued till May 1865, when Captain Hasted relieved Mr. Donaghue, and the latter required his own office establishment. Mr. Donaghue continued to do duty in Range No. 3, and as his establishment joined the Range late in the month, its salary was not drawn by Captain Hasted, neither was it included in Captain Mead's abstract. When it was discovered that the pay of this establishment had been altogether omitted from the abstracts for May, a supplemental abstract was forwarded to the Controller, who persistently declined to pass the abstract though it had been passed regularly every month subsequent to May, and a long correspondence, with which I need not trouble you, ensued, terminated by the enclosed letter passing the abstract, but stating that Mr. Cairns' establishment had not been sanctioned; that he was not entitled to an establishment; that the establishment should be abolished; and that Government should be solicited to sanction the additional charge incurred from 20th October 1864 to 30th September 1865; as however the establishment has been entertained during October 1865, the sum to be sanctioned is Rupees 328-10-2.

Rupees 301-10-2.

2. Mr. Cairns' establishment was entertained under G. O. No. 1,509, dated 18th June 1863, as he was not in charge of a Range and was, therefore, entitled to a minor establishment. If with reference to letter No. 1,228, dated 25th October, from this office, Mr. Cairns is, on quitting Hospital, to continue to do duty in this Division, I beg that the Controller may be authorized to pass the salary of a minor establishment so long as Mr. Cairns continues in the District.

3. I take this opportunity of informing you that Overseer Appathoray Moodaly is at the lower anicut, superintending the collection of materials for that important work, and he will continue for several months to be employed solely on that work, and requires his establishment with him; in the meantime the extra Overseer appointed under G. O. No. 137 is in charge of the Sheathli Taluq, and cannot perform his duties satisfactorily unless provided with an office establishment; I beg, therefore, that as a special case a minor establishment for the extra Overseer in the Tanjore District may be sanctioned. I would observe that an Overseer's services, even if he has not so large a charge as a whole Taluq, are much impaired if he is not provided with a Writer.

28th April 1865.

*Proceedings of the Madras Government, Public Works Department,
22nd November 1865.*

4. With reference to Captain Fischer's remarks as to how Mr. Cairns should have been employed, I would only observe that I presume Captain Bean disposed of his Subordinates in a manner which he conceived to be of the greatest advantage to the public service, and I am not aware of any order of Government authorizing the Controller's interference with, or criticism of, the arrangements of the Superintending Engineers in this respect, and would beg to call attention to G. O. No. 2,997, in which it is expressly stated that Mr. Cairns is to be employed under Captain Mead on the survey of the Cauvery.

8th October 1864.

From the Controller of Public Works Accounts, to the Superintending Engineer, 6th Division, dated Madras, 27th October 1865, No. 1,782.

1. With reference to your letter No. 1,215, dated 21st instant, I have the honor to state Enclosure 1 I must still maintain that the pay of the minor Establishment claimed is an excess of the allotment for the 6th Division, and that this excess has been wrongly drawn from October 1864, the period Supervisor Cairns joined this Division from Bellary.

2. It will be observed in G. O. 18th June 1863, No. 1,599, the allotment for the Trichinopoly District is thus, viz., two Officers, two Upper Subordinates, and six Taluq Overseers, for four

* Establishment Rupees 42.

Subordinate, and temporarily held by Lieutenant Whish, and on his transfer to South Arcot held by Mr. Brosnahan, should have been placed in charge of Mr. Cairns on his joining the 6th Division, whereas Mr. Brosnahan, who is Supernumerary and not entitled to a Range establishment permanently or to any kind of establishment, has been allowed to continue in charge of the 4th Range, and the Supervisor legitimately entitled to this Range establishment has been employed in the Tanjore District in excess of the allotment for that District, for whom a minor establishment has been drawn from 20th October 1864, which accounts for the excess.

3. Under these circumstances it is necessary that the extra establishment should be at once abolished, and application made to Government for sanctioning the additional charge incurred from 20th October 1864 to 30th September 1865 (excepting that for the month not passed), amounting to Rupees 301-10-2.

Referred to the Controller of Public Works Accounts for report.

Enclosures 2.

1. With reference to the letter of the Superintendent Engineer, 6th Division, No. 1,262, dated the 31st October 1865, referred for my report, I have the honor to state that my letter to that Officer, No. 1,782, dated 27th idem, explains fully the manner in which a minor* establishment of Rupees 27 per month came to be passed to Mr. Cairns. I did not intend to reflect on the propriety of Mr. Brosnahan being placed in charge

of the Range instead of Mr. Cairns, but merely pointed out that the Office establishment assigned for the Range held by Mr. Brosnahan was that of an Upper Subordinate, according to the original allotment, and that by the former being continued in it on Mr. Cairns' transfer, the latter would lose all claim to the proper establishment assigned for such Upper Subordinates, and he came thus to be held as a special Upper Subordinate, and allowed an establishment like that given to the six Upper Subordinates on special duty, while he is not one of them. If the Government desire to continue the special establishment already employed, the charge could be met from the allotment of Rupees 20,000 for special establishments, to which could also be debited the establishment asked for the extra Overseer attached to a Taluq temporarily if the Government sanction the arrangement.

No. 529.

ORDER THEREON, 22nd November 1865, No. 3,534.

ESTABLISHMENT, No. 49.

1. Under the circumstances explained in the foregoing papers, the Controller of Public Works Accounts is

authorized to pass the charge incurred subsequent to the 20th October 1864 on account of Supervisor Cairns' office establishment, which may now be employed by the extra Overseer reported to have been attached to the Sheally Taluq.

2. The cost of the establishment during the current year should be debited to the Budget allotment of Rupees 20,000 for temporary Establishments.

Sir,

With reference to the letter of the Superin-
tending Engineer 6th Division No: 1262 dated
the 1st October 1865 referred for my report,
I have the honor to state that my letter to that
Officer No: 1782 dated 27th idem explains fully
the manner in which a minor establishment
of Papes 27 per month came to be
placed in Mr. Cairns. I did not
intend to reflect on the propriety of
Mr. Wrasnaheim being placed in charge
of the Range instead of Mr. Cairns but
merely pointed out that the Office Establish-

Wrasnaheim was that of an Upper Subordinate
according to the original allotment and that
by the former being continued in it on Mr.
Cairns' transfer, the latter would lose all
claim to the proper Establishment assigned
