*Proceedings of the Madras Government, Public Works Department,  
28th November 1865.*

No. 649. Read the following Endorsement of the Consulting Engineer for Irrigation and Canal Company, dated Madras, 13th November 1865, No. 115:—

Read the following letter from the Collector of Kurnool, to the Consulting Engineer Madras Irrigation and Canal Company, dated Kurnool, 6th November 1865, No. 55.

As the employment of the Surveyor and two Lascars attached to the Deputy Collector on special duty for making over lands to the Irrigation Company, was only sanctioned for two years, the date of which sanction expires on the 17th of the current month, I have the honor to request that you will obtain the sanction of the Government for continuing their employment for a further term of two years, their services being still imperatively required.

1. Transmitted for the consideration of Government, with reference to their Order No. 1,120 of the 19th April 1864.
2. The services of the Surveyor were engaged from the 18th November 1863.
3. It will be observed that the Collector wishes the Surveyor and Lascars to remain at his disposal for a further period of two years; it cannot be ascertained, at present, in the absence of information as to the intentions of the Board of Directors of the Madras Irrigation and Canal Company, how long it will take to complete the transfer of the land required for the Company's works in the Kurnool District, but including that which will be needed for distribution channels, there can be little doubt that two years will not more than suffice.
4. As there may not be work enough, however, to afford continuous employment to the Surveyor in connection with the land transfer, it is suggested that when not so occupied he might be usefully employed under the Executive Engineer Kurnool, in surveying, &c., for the roads referred to in G. O. No. 3,153 of 21st October 1865.

(Signed) J. MULLINS, Captain, R. E.,  
Consulting Engineer for I. & C. Company.

No. 650. ORDER THEREON, 28th November 1865, No. 3,591.

ESTABLISMENT, No. 64.

1. Under the circumstances explained in the foregoing letter, the sanction of the Government of India will be requested to the continued employment, for two years, of the Surveyor and two of the Lascars attached to the Deputy Collector employed on special duty in connection with the Irrigation and Canal Company in Kurnool.

2. When the Surveyor is not engaged in the measurement of land, he may be employed in the manner suggested in paragraph 4 of the Consulting Engineer's endorsement.

Ordered that the following letter be sent.

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,  
PUBLIC WORKS DEPARTMENT.

SIR,

ESTABLISHMENT, No. 65.

1864, I am directed by His Excellency the Governor in Council to forward copies of the papers marginally noted from the Collector\* of Kurnool and the Consulting Engineer† for the Madras Irrigation and Canal Company, and to request that, under the circumstances explained, sanction may be accorded for the employment, for a further period of two years from the 18th November 1865, of the Surveyor and two of the Lascars attached to the Deputy Collector engaged on special duty in connection with the Company.

2. It will be observed that the Consulting Engineer is of opinion that two years will not more than suffice for the completion of the transfer of the land required for the Company's works, and the distribution channels. When the Surveyor is not employed in measuring land, the Consulting Engineer suggests that his services be made available, under the orders of the Executive Engineer at Kurnool, for the preparation of surveys and estimates for improving the roads or tracks from the canal crossings to the neighbouring villages.

I have the honor to be,

Sir,

Your most obedient servant,

(Signed) CHARLES A. ORR, Colonel, R. E.,  
Secretary to Government.
