*Proceedings of the Madras Government, Public Works Department,
29th November 1865.*

Read the following letters:—

No. 670. From the Superintending Engineer, 7th Division, to the Secretary to Government, Department Public Works, dated Luckady, 8th November 1865, No. 171.

With reference to the new travelling rules, I have the honor to call the attention of Government to their Order in the Public Works Department, No. 2,232 of 15th September, communicated with the Chief Engineer's Proceedings No. 5,165, of 19th September 1859, "dispensing with the actual use of tents" by members of the Public Works Department in the District of Canara, and (by implication) in that of Malabar also. With reference whereto, I submit a supplemental travelling allowance bill of Mr. Sub-Engineer Bailey, for the month of September, on which I request that such orders may be passed as will supply the Controller with a precedent for dealing with all other similar bills from the Western Coast Districts.

No. 671. From the Superintending Engineer, 7th Division, to the Secretary to Government, Department Public Works, dated Luckady, 9th November 1865, No. 174.

I have the honor to recommend that the privilege of dispensing with tents granted to members of the Public Works Department, in the Districts of Malabar and Canara, by the Government Order alluded to in my letter No. 171 of 8th November 1865, be extended to the Neilgherry Range of the Coimbatore District. I am informed by Major Farewell that such privilege was granted him by the Chief Engineer in Proceedings No. 8,829 of 14th January 1861, copy of which, however, is not in my Office.

No. 672. From the Controller of Public Works Accounts, to the Secretary to Government, Department Public Works, dated Madras, 24th November 1865, No. 2,215.

Enclosures 5.

1. With reference to your Memorandum of the 15th instant, appended to the documents herewith returned, I have the honor to observe that when Mr. Bailey's Inspection Report for September was first submitted to this Office, mileage for fifty-six miles was passed to him by the Superintending Engineer, and treble horse allowance was also granted for the whole month; this latter sum could not be passed without a proper certificate as required by Rule 2, Clause 4, and this was explained to that Officer in a Memorandum attached to the Inspection Report, and a copy of which is herewith forwarded for the information of Government; the only claim therefore before this Office, passed by the Superintending Engineer, was for the mileage, viz., Rupees 17-8-0, and this was duly audited here.

2. I beg to forward the document referred to by Colonel Walker regarding Major Farewell's case, the letters on which this resolution was formed have not been transmitted, and it appears to have been 'a special case,' but how long this order was to be acted upon is not at all apparent.

Superintendent

*Proceedings of the Madras Government, Public Works Department,
29th November 1865.*

3. G. O. of the 15th September 1859, No. 2,232, in this Department, authorized the Chief Engineer "To apply the travelling allowance rules of his Department to that District (Canara) with the same latitude as is allowed there in the case of tent allowance in the Revenue Department, viz., the actual use tents may be dispensed with." Two conditions were attached to this indulgence, and these are contained in paragraph 2 of the same order; it rests with the Government now to decide, since the travelling allowance rules have been again established, if this order is to have the same force now as before, and to be also made applicable to Malabar.

No. 673. ORDER THEREON, 29th November 1865, No. 3,601.

ESTABLISHMENT, No. 66.

1. In October last the Superintending Engineer of the 7th Division forwarded to the Controller of Public Works Accounts, Mr. Sub-Engineer Bailey's Inspection Report for the previous month, in which a claim was made for milage and for treble horse allowance, but as the required certificate was not furnished, the Controller passed only the payment of milage.

2. With the first of the letters above recorded the Superintending Engineer submits a supplemental travelling allowance bill from Mr. Bailey for September last, and in requesting orders regarding it, calls attention to the Proceedings of Government No. 2,232, dated 15th September 1859, under which travelling allowance was formerly passed to members of the Public Works Department in the Canara District without requiring them to keep up a tent, and recommends a continuance of this indulgence.

3. In the second letter, Colonel Walker recommends that the privilege of dispensing with tents may be extended to the Malabar District, and to the Neilgherry Range of the Coimbatore District.

4. As the difficulties and inconvenience experienced by the Officers and Subordinates of the Department employed in Canara in 1859, still continue in that District, as well as on the Western Coast generally, the Governor in Council is pleased to accede to the recommendation of the Superintending Engineer of the 7th Division.

5. The question relating to the grant to Subordinates of treble horse allowance was disposed of in G. O. No. 3,139, dated 20th October 1865.

From, Lieutenant J. F. Frischer, P.E.
Controller of P.W. Accounts.
To, Colonel G. A. Carr, P.E.
Secretary to Government, D.M.

Sir,
With reference to your Memo. of the
15th instant appended to the documents
herewith returned, I have the honor to observe
that when Mr. Bailey's inspection report
for September was first submitted to this
Office, mileage for 56 miles was passed to
him by the Supy. Engineer and treble
hire allowance was also granted for
the whole month. This latter sum could
not be passed without a proper certificate
as required by Rule 2 Clause 4 and this
was explained to that Officer in a Memo.
attached to the Inspection Report, and a
copy of which is herewith forwarded for
the information of Government, the only
claim therefore this Office passed by the
Superintending Engineer was for the mileage
viz: Rs. 176-8-0 and this was duly
audited here.

2. I beg to forward the document
referred to by Colonel Walker regarding
Major Starnelli's case, the letters on which
this Resolution was formed have not been
transmitted and it appears to have been

3. G.O. of the 15th September 1859
No. 2232 in this Department authorized
the Chief Engineer "to apply the Travelling
Allowance rules of his Department to that
District (Comara) with the same latitude
as is allowed there in the case of that
allowance in the Perrine Department
viz: the actual use tents may be dispensed
with." Two conditions were attached to
this indulgence and these are contained
in para. 2 of the same order, it rests
with the Government now to decide, since
the Travelling Allowance rules have
been again re-established if this order
is to have the same force now as before
