*Proceedings of the Madras Government, Educational Department,
22nd November 1865.*

No. 58. Read the following letter from the Principal of the Civil Engineering College, to the Chief Secretary to Government, Fort Saint George; dated Chepauk, 16th November 1865, No. 581.

I have the honor to request that you will be good enough to lay before Government, for orders, this my application for the addition to my present compound of

Enclosure.
1 Plan.

the plat of open ground south of the office of Controller, Department Public Works Accounts, and measuring about 160 x 130 yards, as per plan, annexed and marked A, B, C, D.

2. This ground, if properly laid out and planted, would be ornamental, and, with an entrance on the beach road, would be of the greatest convenience; while on the other hand, if occupied by a building suitable to the site, would shut out the sea breeze from the quarters I now occupy. I therefore solicit the favor of your recommendation to my application.

No. 59. ORDER THEREON, 22nd November 1865, No. 333.

The Governor in Council directs that the application made in the foregoing letter be complied with, on the understanding that the ground is liable to be resumed by Government, at any time, should it be required for any public purpose.

(True Extract).
