MADRAS RECORD OFFICE.

Government of Madras.

P. W. DEPARTMENT.

G.O. No. 3648	Press ~~Mis.~~
34	
Dated 2-12-1868	

Not to be folded or roughly handled

REMARKS.

I. The services of a Millwright having been obtained from England for the limited period of one year, it is necessary that no time should be lost, and funds for the commencement of this work have had to be allotted.

II. The Consulting Engineer reports that the sum of Rupees 15,000, in addition to the Rupees 32,500 referred to in the last return, can be spared from the grant for lands to be taken up for the Irrigation Company's Canal.

III. Rupees 20,000 were provided in the current year's Budget for the Foundry; but this item with others had to be struck out to meet the reduction in the Budget grant which was ordered to be made by the Government of India. As the Public Works Workshop without the Foundry would be incomplete, and the machinery sent out years ago from England is being deteriorated by lying idle, it has been considered proper to allot funds for the immediate commencement of the necessary buildings.

IV. The present accommodation is limited, and much discomfort being in consequence experienced by the Members and Secretaries of the Board of Revenue, funds have been allotted for the commencement of ^{five} additional rooms on the upper story.

V. The Superintending Engineer reports that he will be able to spare this amount from the allotment for the new Artillery Barracks at Cannanore.

Remarks.

I The services of a. Hillinglight having been obtained from England for the limited period of one year, it is necessary that no time should be lost, and funds for the commencement of this work have been taken alloted.

II The Consulting Engineer reports that the sum of Rs. 15000 in addition to the 32500 provided to in the last plan can be spared from the grant for land to be taken up for the Irrigation Company's Canal.

III Rs. 2000 were provided in the current year's Budget for the Foundry; but this sum with others had to be struck out to meet the reduction in the Budget grant which was ordered to be made by the Govt. of India. As the Public Works Works, without the Foundry, would be incomplete, and the machinery sent out years ago from England is being deteriorated by lying idle, it has been considered proper to allot funds for the immediate commencement of the necessary buildings.

IV The present accommodation is limited, and much discomfort being in consequence experienced by the Members and Secretaries of the Board of Revenue. Funds have been alloted for the commencement of additional rooms on the upper floor.

V The Superintending Engineer reports that he will be able to spare this amount from the allotment for the New Artillery Barracks at Candianore.
