*Proceedings of the Madras Government, Public Works Department,
4th December 1865.*

No. 67. Read the following letter from the Superintending Engineer, 2nd Division, to the Secretary to Government, Department Public Works, dated Camp at Purchur, 22nd November 1865, No. 110:—

1. With reference to paragraph 2 of G. O. No. 1,462, dated 31st May 1865: I have the honor to request that further sums of Rupees 2,500 and Rupees 400, may be sanctioned to the Kistna and Nellore Districts respectively. Cleaning the machinery in the Workshop, dispatching machinery to Madras, finishing off a punt which would otherwise have rapidly deteriorated, &c., have been necessary matters for expenditure which have, notwithstanding strict economy on this head, compelled me to exceed by about Rupees 500, the remarkably small allowance assigned in the Budget Estimate to this Division.

2. But to carry on the works efficiently, it is absolutely necessary that the construction of Punts (the iron for which is lying rusty in the Store-yard) should be continued, and for this item alone Rupees 1,500 at least will be needed during the current year. In making the above request, therefore, I think it will be clear that I am asking only for the minimum grant that is absolutely necessary.

No. 68. ORDER THEREON, 4th December 1865, No. 3,665.

ACCOUNT, No. 9.

1. As there are no available savings from the allotments in Part V. of the Budget for Tools and Plant, the Government are unable at present to supplement the grant under that head for the Kistna and Nellore Districts.

2. The Superintending Engineer of the 2nd Division will include such expenditure as may be incurred in excess of the Budget assignment in the State-ments called for in G. O. No. 2,907, dated 3rd October 1865, which are due on the 1st March next.
