*Proceedings of the Madras Government, Revenue Department,
21st February 1865.*

No. 396. Read the following Proceedings of the Board of Revenue, dated 7th January 1865.
Read the following letter from J. SILVER, Esq., Collector of Tinnevely, to W. HUDLE-
STON, Esq., Secretary to the Board of Revenue, Fort Saint George, dated Tuticorin,
19th December 1864, No. 470:—

SIR,

1. With reference to the Order of Government, dated 2nd December 1864, No. 2,191, Miscellaneous, forwarded to me by the Board, enquiring whether it would be desirable to push on the work of the Pearl Oyster Nursery more expeditiously, I have the honor to report for the information of the Board and Government, that I left the head station on the 15th, and travelled post to Tuticorin, and that I have since visited the work in progress in company with Captain Phipps, and have consulted with him on the subject.

2. Since my last visit on the 26th ultimo, but little progress has been made, owing to the strong north-east winds which stopped work. All that is now wanted are funds, which have been ordered to be supplied in the Government Order above quoted, and I hope that the first division of the nursery will be completed by the end of March.

3. Captain Phipps has again drawn my attention to some of the points referred to in his letter of the 21st September last, copy of which I forwarded to the Board on the 23rd idem. He wishes to obtain sanction to construct at once a number of small Satin-wood tables to be placed in the nursery, and to charge the cost of the same in his Contingent Bill, and I beg to recommend that this may be sanctioned.

4. Captain Phipps also wishes to be supplied, as soon as possible, with the instruments noted in the margin of paragraph 4 of his letter referred to. The wet Thermometers are particularly wanted. He also tells me that a small steam boat named the "Sir Charles Trevelyan" is, he believes, just now in the Cauvery. If so, I would solicit that this vessel, if in good working order, or any other small steam vessel that could be spared from the Godavery, may be sent down to Tuticorin. There is nothing else connected with this work, that I have at present to bring specially to the notice of Government.

1. Submitted for the information and orders of Government.

2. Captain Phipps' letter, referred to in paragraph 3 of the Report, was submitted to Government with Board's Proceedings, dated 21st November 1864, No. 7,564.

No. 397.

ORDER THEREON, 21st February 1865, No. 376.

Miscellaneous.

1. The requisition in paragraph 4 of the Collector's letter in respect to the "Sir Charles Trevelyan" Steamer will be referred to the Public Works Department, with advertence to the Proceedings of Government marginally* noted.

2. On the other points noticed in Mr. Silver's letter, orders† have already been passed.
