*Proceedings of the Madras Government, Public Department,
11th December 1865.*

No. 27. Read the following letter from the Chairman of the Hospital Committee of Ootacamund, to the Chief Secretary to Government, Fort Saint George; dated Ootacamund, 2nd December 1865.

I have the honor, by desire of the Hospital Committee, respectfully to express their deep sense of obligation to the Government for the considerate grant of Rupees 12,000, towards the erection of a new Hospital at this station, as notified in the Government Order of the 8th ultimo.

2. The Committee have delayed this acknowledgment, until they could submit a plan of the proposed building for the approval of Government, and this I now beg leave to do.

3. I should mention that the Committee were in error in supposing the waste land before alluded to for a site to be Sircar land. It appears that, though waste, it had already been granted to a private party. They are, however, in correspondence with the Collector regarding another piece of land, which is still more desirable as a site, and they trust, therefore, that there will be no delay in commencing operations, and taking advantage of the season of fine weather.

No. 28. ORDER THEREON, 11th December 1865, No. 1262.

The Governor in Council approves of the plan submitted with the foregoing letter. He requests that the Committee will furnish a description of the site which has been selected, in lieu of that before selected, as soon as they have ascertained from the Collector that it is available. The matter is one to which the Collector should give his immediate attention, in order that no time may be lost in commencing the building. Orders will be issued in the Public Works Department for the payment of the grant which will be drawn by the Committee, or by one of its members duly authorized to draw it, in such instalments as may be required, after the site has been finally settled.
