MADRAS RECORD OFFICE.**Government of Madras.***Public Works* **DEPARTMENT.**

G.O. No. 3803	Press Mis.
350-357	
Dated 19-12-	18 65.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
19th December 1865.*

No. 350. Read the following Memorandum from the Quarter Master General, to the Secretary to Government, Military Department, dated Fort Saint George, 4th December 1865, No. 11,479:—

Read the following letter from the Officer Commanding Mysore Division, to the Quarter Master General, Head Quarters, dated Bangalore, 30th November 1865, No. 425.

1. I have the honor to report, for the information of His Excellency the Commander-in-Chief, that a slip of tiles took place from the roof of the Hospital in the old Infantry Barracks on the night of the 26th instant. As this, although of no great moment in itself, is one amongst many symptoms of failure in these buildings, I requested the Executive Engineer to examine into their state generally; I append a copy of his docket on the subject. From this you will observe he appears doubtful of their safety in the event of a storm. The bulk of the 2nd Battalion 10th Regiment now occupy the old Dragoon Barracks. The upper square of the old Infantry Barracks only being tenanted: this part of the Barracks is in somewhat better repair than the lower square.

2. Captain Tulloch's suggestion as to the speedy evacuation of these buildings cannot properly be carried into effect until the extra blocks, fitting the old Cavalry Barracks for the reception of an entire Regiment of Infantry, be constructed.

3. I would therefore request that steps may be taken to hasten the construction of these buildings, plans* and estimates* of which have been long since forwarded to the Superintending Engineer.

* Received by Quarter Master General on the 4th December only.

F. H. SCOTT.

From the Executive Engineer, Bangalore, to the Deputy Assistant Quarter Master General, Mysore Division, dated Bangalore, 28th November 1865, No. 662.

In reply to his letter No. — of the — informs that the portion of roof where the tiles have slipped will be repaired at once; that the buildings are in the same state as most of those in the Infantry Barrack; that it is not worth repairing on a large scale; that it is so old that money spent in renewing the wood would be thrown away; does not apprehend any danger unless there is a storm, when it is impossible to say whether any of the buildings in the Infantry Barracks would stand; recommends that all the buildings be vacated, if possible, at once or as opportunity offers.

Forwarded to Government, with particular reference to the last paragraph.

By order,

(Signed) F. H. SCOTT, Lieut.-Colonel,
Quarter Master General.

Transferred to the Department Public Works.

FORT SAINT GEORGE,
6th December 1865.

(Signed) R. HAMILTON, Colonel,

Head Quarters Mysore Division
 Bangalore 20 November 1865.
 From the Officer Commanding
 Mysore Division
 To The Quarter Master General
 Head Quarters.

Sir, I have the honor to report for the
 information of His Excellency the Commander
 in Chief that a slip of tiles took place from
 the roof of the Hospital in the Old Infantry
 Barracks on the night of the 26th Instant as
 this, although of no great moment in itself is
 one amongst many symptoms of failure in
 these buildings, I requested the Executive En-
 gineer to examine into their state generally.
 I append a copy of his report on the subject.
 From this you will observe he appears doubt-
 ful of their safety in the event of a storm.
 The bulk of the 2nd and 3rd Regts now occupy the
 Old Dragoon Barracks. The upper square of the
 Old Infantry Barracks only being tenanted; this
 part of the Barracks is in somewhat better re-
 pair than the lower square.

2. Captain Tulloch's suggestion as to
 the speedy evacuation of these buildings cannot
 properly be carried into effect until the extra
 blocks fitting the old Cavalry Barracks for
 the reception of an entire Regiment of Infantry
 be constructed.

3 I would therefore request that

[The handwriting in this block is extremely faint and illegible.]

2. I would therefore recommend
 the suspension of our entire shipment of
 3. 300000 lbs of the old Bremen Bremen for
 4. 5 months, as we are not sure of the
 5. market for this quantity of this
 6. Bremen Bremen.

From
The Executive Engineer
Bangalore

In reply to his letter he informs that the portion of roof where the tiles have slipped will be repaired at once, that the building is in the same state as most of those in the Infantry Barracks, that it is not worth repairing on a large scale - that it is so old that money spent in renewing the wood would be thrown away - does not apprehend any danger unless there is a storm, when it is impossible to say whether any of the buildings in the Infantry Barrack would stand; recommends that all the buildings be vacated if possible at once or as opportunity offers.
