*Proceedings of the Madras Government, Public Works Department,
19th December 1865.*

No. 352. Read the following letter from the Assistant Inspector General of Police, to the Secretary to Government, Public Works Department, dated Madras, 6th December 1865, No. 2,333 :—

1. I have the honor, in the absence of the Inspector General of Police, to submit, for the sanction of Government, an estimate, amounting to Rupees 4,760, for the Police Barrack at Puttasinghee, Vizagapatam District, accompanied by an original letter from the Officiating Superintending Engineer, 1st Division, dated 3rd November 1865, No. 1,554.

2. To provide funds for this work it is necessary that the following transfers be made, to supplement the funds remaining unappropriated in the Vizagapatam District, to which I would also beg the sanction of Government:—

District.	Work.	Amount.	District.	Work.	Amount.

Ganjam	Do.	500			
Tanjore	Do.	500			
Trichinopoly	Do.	500			
		3,400			3,400

From the Officiating Superintending Engineer, 1st Division, to the Inspector General of Madras Police, dated Waltair, 3rd November 1865, No. 1,554.

1. I have the honor to forward you herewith an estimate, amounting to Rupees 4,760, of the probable cost of the Puttasinghee Barrack.

* Vide G. O. No. 2,554 of 2nd September 1865.

† Altered from 60 to 90 feet in length.

2. The cost of the roofing is that reported* by Mr. Moncrieff, and the rest of the building has been estimated by the Executive Engineer of Ganjam, according to your plan† received with G. O. No. 1,199 of 3rd May 1865. I have merely added to it the *probable* cost of freight and shipping charges on the iron work, as the exact amount has not yet been communicated to this Office.

3. As the work is to be undertaken at so great a distance from the nearest works now in progress in the Ganjam District, and the establishment of the District is at present fully employed, it will be necessary to entertain special superintendence for this particular work, and the Executive Engineer has, therefore, allowed the exceptional charge of 15 per cent. for "Contingencies," which, he thinks, may be sufficient to induce some Maistry to undertake the work.

4. I have therefore the honor to request you will obtain the necessary sanction of Government to the estimate; and, if the work is to be carried out at once, I shall be obliged by your *telegraphing* to me the source from which the expenditure is to be met that I may make arrangements for commencing it, and losing as little as possible of the working season which begins on the 10th instant.

5. In Government Order No. 805, of 23rd March 1865, Government directed that orders should immediately be issued for the execution of the work; but they were then under the impression that it would cost only 500 Rupees.
