*Proceedings of the Madras Government, Public Works Department,
2nd February 1865.*

No. 49. Read the following letter from the Secretary to the Government of India, Public Works Department, to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 6th January 1865, No. 14A-89:—

SIR,

1. I am directed to acknowledge receipt of your letter No. 3,314, dated 18th November 1864, and in reply to inform you, that it is requisite that the amount of the estimate on which the grant for a minor work is based should be entered in the Monthly Appropriation Return in the column set apart for that purpose.

2. In the Return of Appropriations for June 1864, received with your letter under reply, it is observed that an assignment of Rupees 1,000 has been made from the grant for Repairs 'Miscellaneous Public Improvements' for Repairs to General Market, Black Town, Presidency. This charge seems to be of a nature properly debitable to Local Funds, instead of to Imperial Funds.

I. Deepening Northern Canal between the Basin and Ennore,
Madras, Rupees 7,000.
II. Deepening Southern Canal between Adyar and Puttypul-
lum, Rupees 11,800.

3. The two appropriations detailed in the margin, which have been made from the grant for Repairs Communications, seem to be more of the nature of Original Works.

4. I am to request that these Appropriation Returns may, for the future, be sent direct to the Accountant General, Public Works Department, as was prescribed in Public Works Department Circular No. 34 of 1864.

(Signed) E. C. S. WILLIAMS, Captain, R. E.
For Secretary to the Government of India, P. W. D.

No. 50. ORDER THEREON, 2nd February 1865, No. 308.

1. Paragraph 1 of this letter will be communicated to the Controller of Public Works Accounts, with reference to the Order marginally noted.
No. 3,313, dated 18th November 1864.

2. Paragraph 2 will be referred to the Public Department. It is observed that the income derived from renting the stalls in the General Market, Black Town, is credited to the general revenues of the State.
G. O. No. 973, dated 6th August 1860, *Public* Department.

3. The estimates sanctioned in Proceedings No. 1,713, dated 13th June 1864, and referred to in paragraph 3 of the foregoing letter provide only for "Repairs," to which head charges for the removal of deposit from the beds of canals clearly appertain.

Proceedings of the Madras Government, Judicial Department,
22nd February 1865.

No. 210. Read the following Proceedings of Government in the Public Works Department.

Communicating letter from the Government of India, stating that the repairs to the Market at Black Town should be met from the Local Funds. (Dated 2nd February 1865, No. 308).

No. 211. ORDER THEREON, 22nd February, 1865, No. 209.

The Governor in Council observes that, under existing arrangements, the stall-rents of the Market in Black Town, which are estimated at Rupees 6000 per annum, are credited to Revenue, and that the cost of the Market establishment, amounting to Rupees 1236 a year, and the expense of repairing the building, have accordingly been treated as public expenditure. Under the intimation given in paragraph 2 of the letter from the Government of India, communicated to this Department with the foregoing Proceedings, it will be necessary to localise the receipts and expenses of the Market. His Excellency in Council considers that this may be best effected by transferring the charge of the Market to the Municipal Commissioners, with authority to collect the stall-rents for credit of the Municipal Fund, subject to payment of all expenses, establishment, repairs, &c., hitherto devolving on the Government.

2. Resolved, accordingly, that the Commissioner of Police be requested to communicate with the Municipal Commissioners on the subject, and to submit a report, in time to admit of the arrangement coming into operation from the commencement of the ensuing Budget year.
