Government of Madras.

Revenue DEPARTMENT.

G.O. No. 76	~~Press~~ ~~Mis.~~
162-163	
Dated	18-1-1865.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
18th January 1865.*

No. 162. Read the following Proceedings of the Board of Revenue, dated 10th December 1864, No. 7,933.

Read the following letter from E. G. R. FANE, Esq., Collector of Madras, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Sydapet, 12th November 1864, No. 516 :—

1. With reference to the Order of Government, dated the 28th October last, No. 1,997, and the orders of the Board thereon, I have the honor to state, that not having assumed charge till the end of May, I visited no village personally.

2. The several reasons that made me conclude that a remission of the Nunjah Dittum Banjer was called for, were as follow : first, the numerous petitions addressed to the Board and myself complaining of the hardship of the charge ; second, the unequal and unseasonable fall of rain as recorded from time to time by the Talook Officers ; third, the well known general disrepair of the tanks and irrigation sources throughout the District, as recorded by my two predecessors, Messrs. Cunliffe and Ellis, in all their reports on Public Works ; and fourth, Mr. Banbury's own note book, in which in many cases a deficiency of water was acknowledged to have existed, confirming therefore the reports of the Tahsildars that the waste was from want of water, and not from the negligence of the Ryots.

3. As regards the second paragraph of the Board's order, requiring that no deviation from the settlement made by Messrs. Banbury and Hutchins shall be made without satisfactory proof of the necessity in each case, I beg to say that to obtain proof now of the necessity would be next to impossible, unless the Board and Government are willing to accept as proof the above quoted rain reports, the capacity of the tanks in each village, and quantity of water that was received in each tank during the year. These reports, however, must be again called for from the Talooks, and some delay will occur.

4. In the meantime, as the Board have also in that second paragraph, required that no deviation shall be made from the settlement of Messrs. Banbury and Hutchins, I beg they will favor me with their instructions as to whether I am to countermand my orders, passed on their Proceedings of the 28th of July last, remitting the Nunjah Dittum Banjer, or whether I am to pause in the collections until I have been able to furnish them with the information required in paragraph 4 of their Proceedings of the 5th instant, No. 7,232, upon Mr. Banbury's letter of the 18th ultimo. When sending this information, which also must be obtained from the Talooks, I propose to make such observations on the letters of Messrs. Banbury and Hutchins lately received as will, I trust, convince the Government of the propriety of my proceedings, and of the hardship that will ensue if the remissions are now disallowed.

5. I beg, however, that the Board will take notice of my late Jumma bundy report of this District, and point out to the Government that, even allowing these remissions the Ryotwar Land

Ryotwar Land Revenue of Fusly 1269 exclusive of the revenue derived from the Straharikottah village since handed over to Nellore, and the quit-rent transferred to other heads under recent orders..	Rs. 11,79,314
Do. of Fusly 1273 with the above items excluded ..	12,87,528
Difference..	1,08,184

Revenue of this District, in the last Fusly, is by Rupees 1,12,147 higher than the revenue of Fusly 1272, and by 1,08,184 higher than the revenue of Fusly 1269, one of the most favorable years on record, and that the remissions are lower by Rupees 44,575 than Fusly 1272, and only Rupees 24,000 above that of the most favorable Fusly 1269, and if Mr. Banbury's

charges are continued, the remissions of Fusly 1273 will be actually less by Rupees 19,470 than the remission of the above very favorable Fusly 1269.

6. The statement required in the first paragraph of the Board's Proceedings, dated the 5th November 1864, No. 7,232, is herewith forwarded.

ENCLOSURE No. 1.

ABSTRACT.—Statement shewing the particulars of land cultivated and left waste by Mangadu Saravana Mudali, Fuslies 1269 to 1273.

Edmund

Stearns
Collector.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 10th December 1864.

Read the following letter from E. G. R. FANE, Esq., Collector of Madras, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Sydapet, 12th November 1864, No. 516:—

1. With reference to the order of Government, dated the 28th October last, No. 1,997, and the orders of the Board thereon, I have the honor to state, that not having assumed charge till the end of May, I visited no village personally.

2. The several reasons that made me conclude that a remission of the Nunjah Dittum Banjer was called for, were as follow: first, the numerous petitions addressed to the Board and myself complaining of the hardship of the charge; second, the unequal and unseasonable fall of rain as recorded from time to time by the Taluk officers; third, the well known general disrepair of the tanks and irrigation sources throughout the District, as recorded by my two predecessors, Messrs. Cunliffe and Ellis, in all their reports on Public Works; and fourth, Mr. Banbury's own note book, in which in many cases a deficiency of water was acknowledged to have existed, confirming therefore the reports of the Tahsildars that the waste was from want of water, and not from the negligence of the Ryots.

3. As regards the second paragraph of the Board's order, requiring that no deviation from the settlement made by Messrs. Banbury and Hutchins shall be made without satisfactory proof of the necessity in each case, I beg to say that to obtain proof now of the necessity would be next to impossible, unless the Board and Government are willing to accept as proof the above quoted rain reports, the capacity of the tanks in each village, and quantity of water that was received in each tank during the year. These reports, however, must be again called for from the Taluks, and some delay will occur.

4. In the meantime, as the Board have also, in that second paragraph, required that no deviation shall be made from the settlement of Messrs. Banbury and Hutchins, I beg they will favor me with their instructions as to whether I am to countermand my orders, passed on their Proceedings of the 28th of July last, remitting the Nunjah Dittum Banjer, or whether I am to pause in the collections until I have been able to furnish them with the information required in paragraph 4 of their Proceedings of the 5th instant, No. 7,232, upon Mr. Banbury's letter of the 18th ultimo. When sending this information, which also much be obtained from the Taluks, I propose to make such observations on the letters of Messrs. Banbury and Hutchins lately received as will, I trust, convince the Government of the propriety of my proceedings, and of the hardship that will ensue if the remissions are now disallowed.

5. I beg, however, that the Board will take notice of my late Jumabundy report of this District, and point out to the Government that, even allowing these remissions, the Ryotwar Land Revenue of this District, in the last Fasli, is by

Ryotwar Land Revenue of Fasli 1269 exclusive of the revenue derived from the Striharikottah village since handed over to Nellore, and the quit-rent transferred to other heads under recent orders	11,79,344	Rs. Rupees 1,12,147 higher than the revenue of Fasli 1272, and by 1,08,184 higher than the revenue of Fasli 1269, one of the most favorable years on record, and that the remissions are lower by Rupees 44,575 than Fasli 1272, and only Rupees 21,000 above that of the most favorable Fasli 1269, and if Mr. Banbury's
Do. of Fasli 1273 with the above items excluded	12,87,528	
Difference	1,08,184	

changes are continued, the remissions of Fasli 1273 will be actually less by Rupees 19,470 than the remission of the above very favorable Fasli 1269.

6. The statement required in the first paragraph of the Board's Proceedings, dated the 5th November 1864, No. 7,232, is herewith forwarded.
