*Proceedings of the Madras Government, Public Works Department,
31st March 1865.*

No. 629. Read the following letter from Major W. FAREWELL, Executive Engineer in charge of 7th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Ootacamund, 18th March 1865, No 290 :—

SIR,

With reference to G. O. No. 9 of 5th January 1865, I have the honor to submit a survey showing the position of the Yenamakul and Veatil dams, as also plans, sections, and elevations of the dams themselves, together with the coffer boxes used. The present arrangement though costing 330 Rupees yearly, is after all I consider the best mode of treating these dams, as from their position and the difficulty of obtaining good and durable materials their permanent construction would involve a very heavy outlay, besides entailing the necessity of a permanent establishment for opening and closing sluices, &c. &c.

No. 630.

ORDER THEREON, 31st March 1865, No. 879.

Ordered to be recorded.
