SIR

SIR,
With reference to G. O No. 562, dated 23th ultimo, I have the honor to inform you that if the stores referred to are at Nellore, Major Ritherdon would be the most suitable Officer to be deputed to take stock, but if at Somaishweram, he could not conveniently be spared, and Supervisor Appavoo Mudali is the only one I could spare for the purpose.

No. 642. From Captain A. S. MOBERLY, R. E, Superintending Engineer, 3rd Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Camp Nagalapaud, 11th March 1865, No 193.

SIR

SIR,
1. With reference to the Order of Government No. 562 of 28th ultimo, I have the honor to inform you that the Kundaar Division is in the Nandial Range of the Kurnool District, whereas the Hindry, Nagatoor, and Bowanassy Divisions are in the Kurnool Range, I would beg therefore to propose that Major Flint, who has charge of the Kurnool Range, should take stock at the Kurnool Central Stores, Hindry, Nagatoor and Bowanassy Divisions, and that Serjeant Supervisor Plummer, who has charge of the Nandial Range should take the stock in the Kundaar Division, and that the payments should be as follows. —

No. 643 ORDER THEREON, 31st March 1865, No. 885.

1. With his letter of the 18th February 1865, the Consulting Engineer for the Irrigation and Canal Company submitted, for information, copies of correspondence which had taken place between himself and the Manager regarding the deficiencies shown in the Stock Lists prepared by Major Flint for 1863-64, and recommended that, with a view to ensuring the next stock taking being carefully and thoroughly conducted, six Officers of Government should be appointed for the purpose, viz. :—

Proceedings of the Madras Government, Public Works Department,
3rd March 1865.

2. With reference to the Nellore District, Colonel Anderson states that, if the stores in question are at Nellore, Major Rutherford can be deputed to take the stock, but, if at Somaishwaram, Supervisor Appavoo Mudali is the only Executive Officer that can be spared for the purpose. The Consulting Engineer will therefore report in which of these stations stock is to be taken.

3. As respects the other Districts, Captain Moberly suggests that stock should be taken by the following Officers.—

	Proposed remuneration
Major Flint for the Kurnool Central Stores, Hindry, Nagatoor, and Bowanassy Districts...	Rs 350
Supervisor S. C. Plummer, Kundaur District	50
Acting Supervisor S. Claridge, Bellary do.	100
J. Biggers, Esq., C. E., Pennair and Dhoor Districts	100

4. This arrangement is somewhat different to that proposed by Captain Mullins, but as it will apparently cause less inconvenience to the Department, and will not involve any additional expense to the Company, the Government approve of its adoption, and direct the Executive Officers nominated by Captain Moberly to place themselves in communication with the Company's officials to arrange for stock being taken as soon as possible after the 1st May next, so as to admit of the Lists being completed by the end of that month.

5. To the duty of taking stock of the Agent's Stores at Madras, the Governor in Council is pleased to appoint Captain T. Buckley, Executive Engineer Southern Range, who will be allowed the remuneration (Rupees 350) proposed by the Consulting Engineer.

6. In those cases in which it may be arranged to take stock on or before the 15th May next, no receipts or issues between the 30th April and that date should be allowed to be made.

7. With regard to the differences between Major Flint's Lists and the Stock Ledgers for 1863-64, the Manager of the Irrigation and Canal Company will be informed that the adjustment ordered in G. O. No. 273, dated 30th January 1865, should not be postponed.
