*Proceedings of the Madras Government, Public Works Department,
3rd April 1865.*

No. 1. Read the following letter from Lieutenant-Colonel T. GREENAWAY, Superintending Engineer, 6th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Tanjore, 16th March 1865, No. 2,740 :—

SIR,

1. Under the Orders of Government No. 2,712, of the 17th September 1864, Lieutenant Mead, Assistant Engineer, was appointed to special duty connected with the preparation of the surveys of the Cauvery and other rivers to regulate supply of water to the Mayavaram and Sheally Taluqs, and is assisted by Mr. Supervisor Cairns in this duty; their establishment consist only of two Gumastahs and four Lascars: Mr. Cairns as Supervisor in the Department retaining his, and Lieutenant Mead taking Mr. Supervisor Donaghue's, who relieved Lieutenant Mead of the No. III. Range. The Lascars at the disposal of these Officers are quite insufficient for Survey operations, and I therefore request that Government will grant permission for the entertainment of six extra Lascars at Rupees 6 each from the 1st January last, until the work is completed, and authorize the Controller to pass the amount monthly on Contingent Bills together with other incidental charges that will be incurred on works of this nature.

2. I trust it will not be considered out of place when I avail myself of this opportunity to ask for the services of another subordinate, to be placed under Lieutenant Mead instead of Supervisor Cairns, who has been on the sick report from the 20th of February last, and who has also expressed a desire to leave the Division on the plea of ill health.

No. 2. ORDER THEREON, 3rd April 1865, No. 889.

ESTABLISHMENT.

1. The Government sanction the entertainment of the six extra Lascars required for the Survey operations referred to retrospectively from the 1st January 1865. The additional charge, consequent on their employment, will be adjusted in the manner indicated in paragraph XVII. of the Rules circulated in G. O. No. 28, dated 7th January 1863, viz., as for a minor work. Colonel Greenaway will report the amount actually required during the current official year in addition to the pay of the Lascars.

2. The subject of paragraph 2 will be disposed of separately.
