*Proceedings of the Madras Government, Revenue Department,
2nd May 1865.*

No. 20. Read the following letter from D. MACPHERSON, Esq., to the Secretary to Government, Public Works Department, dated Mercara, 12th April 1865:—

SIR, I beg to state, for submission to His Excellency the Governor, that during the monsoon of last season I brought with me from the Chinchona Nursery at Ootacamund four hundred plants of one or more varieties. Since that date I have received two hundred other plants. These cost me on the spot 4 Annas each. They were planted out by myself and a native who I sent from here to get some knowledge regarding them, and to convey them to this place, and in every way they received the same care bestowed on the plants at Ooty. Notwithstanding all that, under one hundred of the six hundred plants received only survived. This, I believe, is owing to the unformed condition of the plants furnished; none of them being bigger than an ordinary pin; under these circumstances I trust His Excellency will sanction a few plants being issued to me free of charge as a recompence for the loss.

No. 21. ORDER THEREON, 2nd May 1865, No. 895.

Miscellaneous.

The Governor in Council cannot comply with Dr. Macpherson's request.
