*Proceedings of the Madras Government, Public Works Department,
7th April 1865.*

No. 135. Read the following letter from Captain G. M. PAYNE, Executive Engineer in charge of Superintending Engineer's Office, 8th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Madura, 1st April 1865, No. 3,039 :—

SIR,

1. With reference to G. O. of the 9th March 1865, No. 660, I have the honor to state, that as there seems no prospect of more than Rupees 2,000 out of the Rupees 6,000 transferred from Paumben channel to the road from Thirumungalum to the Coimbatore boundary being expended within the official year, it is advisable that the balance (Rupees 4,000) be given up to some other works, and I have the honor to request that of the amount Rupees 3,000 may be transferred to the road* under construction from Palamcottah to Tuticorin.

• Budget No. 135,

2. The Executive Officer in charge of this road has applied to me for a further grant, and informs me that in consequence of the recent G. O., No. 533 of the 24th February 1865, prohibiting work on this road after the close of the official year, it is very desirable that several incomplete portions for which contracts have been made should be finished, as some 18 miles of the road would then be capable of being opened to the public.

3. The sum asked for by Major Paxton is Rupees 3,000, the remaining Rupees 1,000 I would propose being given up to some other Division.

4. I request to be favored with an early reply.
