Proceedings of the Madras Government, Public Works Department.

Referring Estimates for fitting and fixing iron enamalled wash basins to the Military Hospital at Wellington, and for constructing small reservoirs with drains behind the Wash-houses of the Married Quarters at Cannanore. } Here enter 8th Mar. 1865, No. 651.

Estimate No. 1 will be referred to the Commander-in-Chief, (Quarter Master General's Department) with advertence to paragraph 3 of the letter from the Government of India, recorded in Proceedings of Government, No. 379, 27th January 1865.

16th March 1865.

From the Quarter Master General, Fort Saint George, 18th March 1865, No. 3385; to the Secretary to Government, Military Department.

In returning, with his approval, the enclosed Estimate, referred to the Commander-in-Chief on the 6th instant, I have the honor, by desire of His Excellency to state, that he considers that the use of Indian-rubber tubing should be avoided, as being liable to speedy decay in this country.

2. Adverting to paragraph 3 of the letter from the Government of India, recorded in Proceedings of Government, No. 379, dated 27th January 1865, His Excellency considers that, if found necessary, a few spare Basins should be supplied, for the purpose of being brought in for use in the Hospital Wards. To provide Basins for this object, the Commander-in-Chief would not interfere with the proposed arrangement of having the Basins in the Hospital Lavatory, fixtures, an arrangement of which he highly approves.

ORDER, No. 1248, 31st March 1865.

The Estimates 1 and 2, referred to in paragraph 2 of the Proceedings of Government, in Department Public Works, above recorded, are approved.

2. Attention is drawn to the remarks by His Excellency the Commander-in-Chief, on the "*Indian-rubber tubing*" in the foregoing letter from the Quarter Master General.
