*Proceedings of the Madras Government, Public Works Department,
11th April 1865.*

No. 183. Read the following letter from A. B. SAMPSON, Esq., Assistant Secretary to the Government of India, Public Works Department (Establishment), to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 16th March 1865, No. 560 E:—

SIR,

1. I am directed by the Governor General in Council to represent that the public interests have suffered much from the want of good Upper Subordinates in Mysore, and that it is considered absolutely necessary for the advantageous working of the Department that at least six experienced and really efficient and trustworthy men should be transferred to that Province.

2. It is possible to transfer four from the Provinces immediately under the control of the Government of India without impairing the efficiency of this branch of the Establishment, and this will be done. The Governor General in Council looks to the Government of Madras for assistance, and desires that His Excellency the Governor in Council may be moved to order the transfer of two men of the character indicated. The Upper Subordinate Establishment in Mysore is not numerically weak, but is inexperienced to a great extent, and inefficient, and the transfer of any but really good men is not desired.

No. 184. ORDER THEREON, 11th April 1865, No. 931.

ESTABLISHMENT, No. 16.

1. Although two Subordinates of the character indicated in the foregoing letter can be but ill spared from the Madras Establishment, yet, as this Government are most anxious to comply with the wishes of the Government of India, His Excellency the Governor in Council will not object to transfer to the Mysore Government the services of the two men marginally* named.

* Supervisor J. Cairns.
Supervisor W. H. Walton.

In so doing His Excellency does not propose to part with the best and most efficient of the Subordinates in this Presidency, but the two men above alluded to have had considerable experience in the Department of Public Works in this Presidency, and their ability and efficiency are believed to be fully up to the average.

2. Ordered that the following letters be sent:—

(Here enter Nos. 982, 983, dated 11th April 1865.)
