~~Mis.~~

Dated 27-3-1866.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
27th March 1866.*

No. 630. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 19th March 1866, No. 4,536 :—

1. In their Proceedings No. 42, dated 7th January 1864, Government were pleased to sanction the estimate, Rs. 8,800, forwarded in my letter No. 4,110, dated 13th December 1863, for the Salt road from Cheyoor to Chotapaukum in the Madurantacum Taluq of the Madras District. An allotment of Rupees 8,800 was made for the year 1864-65, and Rupees 8,432 were expended up to this date.

2. I went over the road several months ago, and though I found that work had been carefully executed to the extent named, under the supervision of the Executive Officer of No. 4 Range, Madras District, yet really the road was of little use because the soil is very bad and the cart-men prefer to take their chance over the open country. The obvious remedy for this state of things is gravelling, and I have now the honor to submit an estimate, Rupees 7,470, for this purpose, and for the construction of three culverts very much required, and request that the Government will be pleased to accord their sanction to the estimate, and will authorize my applying to them for the amount from the heading Reserve "Communications" on or after the 1st May 1866.

No. 631. ORDER THEREON, 27th March 1866, No. 1,002.

CIVIL WORKS, No. 77.

1. In the Orders marginally noted the Government sanctioned an estimate of Rupees 8,800 for the construction of a road from Cheyoor to Chotapaukum in the Madras District. This estimate allowed for the clearing of jungle earth-work, turfing, removing rocks, constructing road dams and tunnels, and for the payment of compensation for land to be taken up, but no provision was made for metal-ling, as both the Board of Revenue and the Collector considered it unnecessary. The Superintending Engineer now reports that owing to the badness of the soil, the road, which has been completed to nearly the full extent of the sanctioned estimate, is of little use in its present condition, and he submits an additional estimate of Rupees 7,470 for laying down a coating of gravel and for constructing three extra culverts which have been found necessary.

2. The Government approve of the estimate of Rupees 7,470, and will be prepared to consider the Superintending Engineer's application for a grant of money from the Reserve of 1866-67.

Public Works Department.

Sir,

Madras.

Enclosure
1 Estimate.

In their Proceedings N^o 42. dated
7th January 1864 Government were pleased to
sanction the Estimate Rupees 8800. forwarded
in my letter N^o 4110 dated 13th Decr. 1863 for the
Salt Road from Cheryoor to Chotakupam
in the Madurantacum Taluk of the Madras
District. An allotment of Rupees 8800
was made for the year 1864/65 and Rupees
8432. were expended up to this Date.

2 I went over the road several months
ago, and though I found that work had been
carefully executed to the extent named, under
the supervision of the Executive Officer of
N^o 4 Range Madras District yet really
the road was of little use because the
Soil is very bad and the Cartmen prefer

to take their chance over the open Country.
The obvious remedy for this state of things
is gravelling and I have now the honor
to submit an Estimate Rs 7470 for this
purpose and for the construction of 3
Culverts very much required, and
request that the Government will be
pleased to accord their sanction to the
Estimate, and will authorize my apply-
ing to them for the amount from the
heading, Reserve "Communications" on
or after the 1st May 1866.

I have the honor to be,
Sir,

Your Most Obedt. Servant

A. Poileau Colonel, R. E.;

Superintending Engineer,
1st Division.
