Proceedings of the Madras Government, Marine Department,
21st March 1866.

No. 24. Read the following letter from the Superintendent of Marine, to the Chief Secretary to Government, Fort Saint George; dated Madras, 10th March 1866, No. 1081.

In the 7th paragraph of my letter of the 25th September last, No. 3393, mention was made of the rays of light being partially obscured by the thick wooden railing placed on the top of the Calicut light column, as a protection to the attendants. I have now the honor to report that the Superintending Engineer, with whom I placed myself in communication on the subject, has sent me an estimate, amounting to Rupees 200, for raising the lantern above its present position, and so arranging the railing that, while it affords ample protection to the keepers, it will not in any way impede the light.

2. I beg to recommend sanction for the work being undertaken, and that the Accountant General be instructed to place 200 Rupees, from the Calicut Port Fund, to the credit of the Superintending Engineer, 7th Division.

No. 25. ORDER THEREON, 21st March 1866, No. 75.

The Governor in Council sanctions the work proposed, and directs that the Accountant General will place the sum of Rupees (200) two hundred, from the Calicut Port Fund, at the disposal of the Superintending Engineer, 7th Division.

(True Extract).

Chief Secretary.

To the Superintendent of Marine.

„ Accountant General.
