*Proceedings of the Madras Government, Public Works Department,
6th April 1866.*

No. 47. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Tanjore, 26th March 1866, No. 2,074:—

With reference to G. O. No. 923, dated 22nd instant, I have the honor to inform you that the appropriation of the further sum of Rupees 3,020, for the lower anicut works, will not be required. If the Rupees 3,000, transferred in the G. O. under reply, is urgently required elsewhere, I shall be glad to surrender it also, for I am very doubtful whether it will be possible to expend it on the lower anicut works, as they are not progressing so rapidly as I expected; much, however, will depend upon the April fresh, and whether there will be sufficient water in the Caverry to admit of materials being conveyed to the anicut by boat.

No. 48. ORDER THEREON, 6th April 1866, No. 1,051.
