*Proceedings of the Madras Government, Public Works Department,
7th April 1866.*

Read the following papers :—

No. 69. From the Superintending Engineer, 7th Division, to the Secretary to Government, Department Public Works, dated Coimbatore, 1st March 1866, No. 278.

1. I have the honor to submit, for the sanction of Government, an estimate of Rupees 2,200 for repairs to the Protestant Church at Cochin, prepared on the requisition of the Lay Trustees and Collector.

2. I can testify from personal inspection that the whole building wants re-plastering, and some new ceiling and general repairs to the roof; and I am informed that since my visit it was struck by lightning, and a buttress injured. A great deal appears to have been done by the congregation within the last three years for its improvement, by lowering and fitting up the gallery, and adding new windows; and I am of opinion that the work provided for in the estimate now submitted is of a nature to be undertaken from Imperial Funds, if now available. Rupees 1,200 could be spent in the current year if at once allotted, and Rupees 1,000 in May.
