*Proceedings of the Madras Government, Public Works Department,
9th April 1866.*

No. 114. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Department Public Works, dated Madras, 23rd March 1866, No. 4,635.

1 Statement.

I have the honor to forward the accompanying revised detailed Statement, showing the reductions to be made on each maintenance grant on account of Petty Establishments in the Vellore Range, North Arcot District, and to request that the same may be substituted for the one sanctioned in G. O. No. 83, dated 9th January 1866, it having now been discovered that a mistake has been made in the latter statement, as provision was made therein for coolies (even women) who are not Petty Establishments at all, and the Assistant Engineer having, moreover, now brought to my notice that the reductions therein put down bear an undue proportion to the maintenance allowances of each road.
