*Proceedings of the Madras Government, Public Works Department,
9th April 1866.*

No. 116. Read the following Endorsement of the Consulting Engineer for Irrigation and Canal Company, dated Madras, 23rd March 1866, No. 167:—

From the Agent and Manager Madras Irrigation and Canal Company, to the Consulting Engineer Irrigation and Canal Company, dated Madras, 21st March No. 1866, 631.

Dated 15th February 1866. 1. I have the honor to transmit copy of a Resolution passed by the Board of Directors on the subject of the Luckawully site for a reservoir.

2. The Board trust that the great probability that this site will be adopted by the Company will induce the Government of Mysore to refrain from allowing any action to be taken at present in regard to the planting of teak.

THE MADRAS IRRIGATION AND CANAL COMPANY,

8 AND 9 QUEEN STREET PLACE, LONDON, E. C.

At a Meeting of the Board of Directors of this Company held at the Offices, as above, on Thursday the 15th day of February 1866, the following Minute was recorded—

On the subject of the most suitable site for reservoirs for storage of water in the upper tributaries of the Toombuddra, it appears to the Board, from the information before them, that the proposed site at Luckawully on the Budra will probably prove the best adapted for their purpose, but they await more detailed particulars as to the expense of its construction as compared with that suggested at Muddockmydoor before coming to a final decision.

Muddock Masoor.

(True Copy.)

(Signed) F. H. HENLOWE,
Agent and Manager.

1. The Agent forwards with this letter a copy of the Resolution of the Board of Directors of the Company on the subject of the site for a reservoir at Luckawully on the Budra.

2. The last Order of Government on the subject is that of the 20th January 1866, No. 232.

3. The Board's Resolution leaves the date, when they will be prepared to decide whether the Luckawully site will suit their purposes, as doubtful as ever, and it would probably be more satisfactory to the Mysore Government were the Board to fix a date within which they will be prepared, either to say definitely that the site will not be required, or to lay the plans before Government and ask for the requisite approval of them.

(Signed) J. MULLINS, Captain, R. E.,
Consig. Engr. for I. & C. Company.

No. 117. ORDER THEREON, 9th April 1866, No. 1,084.

CIVIL WORKS, No. 17.

1. The Government concur in the remarks in paragraph 3 of the Consulting Engineer's endorsement. The Manager will accordingly move the Board of Directors to decide within what date they will

*Proceedings of the Madras Government, Public Works Department,
9th April 1866.*

be prepared to submit to Government the plans for a reservoir at Luckawully, or definitely to state that the site will not be required for the purposes of the Madras Irrigation and Canal Company.

2. A copy of these Proceedings will be furnished to the Commissioner of Mysore.

(Here enter No. 1,085, dated 9th April 1866.)
