*Proceedings of the Madras Government, Public Works Department,
14th April 1866.*

No. 217. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Department Public Works, dated Madras, 26th March 1866, No. 3,759.—

1. I have the honor to acknowledge receipt of G. O. of the 22nd instant, No 929, and beg to explain the principles on which this Office acted in Mr. Howell's case are the same as those which have always guided it in all similar cases, and from the fact of the Government being pleased in the order under reference to authorize me to depart in this instance from these principles, I conclude they cannot be considered as being altogether wrong.

2. I beg to enquire how I am to act in other similar instances, as the G. O. under reference only deals with one case personally, and there are several other members of the Department who have as much claim as this individual to a continuance of this personal allowance, when only acting in higher appointments, as a general rule, I would respectfully suggest, personal allowances for loss of salaries should be continued to the individual whilst holding an acting appointment, and only drawing a moiety of the salary attached thereto.

No. 248. ORDER THEREON, 14th April 1866, No. 1,147.

ESTABLISHMENT, No. 25.

1. It would be inconsistent with the principle which has always been carefully upheld if reductions ordered in the pay attached to appointments were allowed to affect actual incumbents, and the Government therefore consider that the order passed in the case of Mr. Howell, to which the Controller of Public Works Accounts has referred, is correct, as otherwise, on obtaining the ordinary promotion which he had a right to expect, he would be in a worse position than he would have been in had no change in the salary of his substantive post been made.

2. On this ground the Governor in Council agrees with the Controller of Public Works Accounts that personal allowances should be considered when the promotion is to an acting appointment only, and His Excellency is pleased to direct that for *the future*, in cases of the same nature as Mr. Howell's, a moiety of the personal allowances shall be passed in addition to what would be due to the holder of the officiating appointment, supposing the salary of his substantive appointment to be on the reduced footing.
