Proceedings of the Madras Government, Public Works Department.
31st May 1866.

No. 714. Read the following letter from the Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Waltair, 17th May 1866, No. 20:—

* No. 1,522, dated 11th May 1866.

1. With reference to the Government Order* on the case of Supervisor Ramiah, I have the honor to report that as I had no reason to suppose that the Supervisor's misconduct amounted to anything worse than neglect of duty as Range Officer, I only suspended him from charge of the Range, not from pay. I beg, therefore, for instructions whether the Supervisor is to forfeit the three-fourths of pay mentioned in the concluding sentence of paragraph 6.

2. With reference to paragraph 7, I would prefer leaving the Rajahmundry Central Jail in the charge of Sub-Engineer Viranna, who has complete command of the best labor and material to be obtained, and who in consequence of his not having to look after numerous petty works, scattered over a Range of six or seven hundred square miles, will be able to give the work more time and attention than could be given to it by an Officer in charge of the whole Range.

3. Supervisor Ramiah would in that case be placed in charge of No. 6 Range, minus the Central Jail, and Sub-Engineer Harris would not be required in the Godavery permanently.

4. As, however, Captain Beatty proposes to take his privilege leave (three months) in a few weeks, I propose to place Mr. Harris in charge of the Central Delta Range, Captain Smalley taking charge of the Vizagapatam Executive Engineer's duties during Captain Beatty's absence; but this would be only a temporary arrangement, unless, as I believe he intends to do, Captain Smalley takes his furlough to England about the time that Captain Beatty will be returning from his privilege leave, in which case Mr. Harris would continue in charge of the Central Delta.

5. If you approve of the above arrangement, I shall be obliged by receiving intimation by telegraph.

No. 715. ORDER THEREON, 31st May 1866, No. 1,717.

ESTABLISHMENT, No. 66.

1. Supervisor Ramiah having been suspended from duty in consequence of certain charges which were preferred against him by one T. Chethumbarum, and the result of the Superintending Engineer's investigations having shown that there was a reprehensible amount of negligence on the part of the Supervisor in his management of the important building operations which were entrusted to his charge, the Government are unable to sanction the disbursement to him of more than one-fourth of his salary for the period during which he was under suspension.

Proceedings of the Madras Government, Public Works Department.
31st May 1866.

2. The arrangements which are recommended in paragraphs 2 to 5 of the Superintending Engineer's letter are approved.
