Proceedings of the Madras Government, Public Works Department, 1st June 1866.

No. 5. Read the following letter from the Agent to the Governor of Fort Saint George, Vizagapatam, to the Secretary to Government, Public Works Department, dated Vizagapatam, 14th May 1866, No. 393 :—

1. In reply to G. O. 5th January last, No. 39, I have the honor to state that, except under the operation of the Road Cess Act, which I calculated will yield about one lac of Rupees in this District, I am unable to guarantee any funds from local contributions towards the construction of the road to Parvatipoor.

2. The present estimate, exclusive of four large bridges, is for Rs. 1,23,550. The estimate obtained by Mr. Fane from the then District Engineer in 1860-61, was for Rupees 5,466, the road to be a second class fair weather road. The Zemindars of Vizianagrum, Bobbili, Sâlur, and Marangi, whose estates the line was to pass through, agreed to construct, or to give money for the construction of, such portions of the proposed road as lay within their Zemindaries. But the Honorable the Mahárája of Vizianagrum alone has been as good as his word. He has constructed a fair weather road through Gajapatinagaram to Golladi Agraharam, the northernmost village in his estate, being four miles from Bobbili ; the Bobbili Zemindar has done nothing, and the remaining two next to nothing. Every year fresh promises and excuses have been made, but no money disbursed.

No. 6. ORDER THEREON, 1st June 1866, No. 1,728.

CIVIL WORKS, No. 3.

Under the circumstances stated in this letter, the completion of the road between Vizianagram and Parvatipoor must lie over for the present. Should funds be available when the Road Cess Act comes into operation, the project may then be again brought forward for the consideration of Government.
