*Proceedings of the Madras Government, Public Works Department,
1st June 1866.*

No. 13. Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Department Public Works, dated Coonoor, 23rd May 1866, No. 17 :—

I have the honor, with reference to my letter No. 16 of this date, to report my intention of availing myself of the permission granted in G. O. No. 941 of 23rd March, by replacing Mr. Supervisor Nordman in the Errode Range, should it be vacated by Lieutenant Morris. He worked in it to my satisfaction before his transfer to Wynaad, and will be glad to return to it. I am unable, however, to spare him from his present duties till after he shall have laid out, and opened as bridle-paths, certain new road traces in his Range, regarding which he has received my personal instructions on the spot. I cannot afford the time to go over the same work again with his successor. I reckon it will take him till September to do all that I expect of him, which is the first open month for work, and the best for making transfers of works in Wynaad. Till then, therefore, Lieutenant Morris's successor will work in Coimbatore District, but he should be selected with special reference to future employment in North Wynaad.

No. 14. ORDER THEREON, 1st June 1866, No. 1,732.

ESTABLISHMENT, No. 4.

Lieutenant R. F. Taylor having been appointed Acting Assistant Engineer, and posted to the Coimbatore

District in the official Gazette of the 29th instant, the Superintending Engineer of the 7th Division will employ him in the Errode Range or in any other charge that he may deem expedient, and he will make such arrangements hereafter, subject to the approval of Government, as will enable him to transfer Mr. Nordman to the Coimbatore District, and to place a duly qualified officer or subordinate in charge of the North Wynaad Range in succession to Mr. Nordman.
