Proceedings of the Madras Government, Public Works Department,
1st June 1866.

No. 19. Read the following letter from the Superintending Engineer, 2nd Division, to the Secretary to Government, Public Works Department, dated Masulipatam, 12th May 1866, No. 10 :—

1. With reference to paragraph 43 of G. O. No. 405, dated 1st February 1866, I have the honor to forward an estimate for the annual maintenance grant for the road from Goodoor to Dugarazpatam, in the Nellore District. This road was constructed under an estimate of Rupees 42,550, sanctioned by Government on the 6th December 1860, No. 2,510. It is an important Salt road, and having been considerably used for traffic, is much cut up at several places. The above estimate is sufficient for annually putting the road in good condition; the nature of the work to be executed in the current year from the above sum is chiefly the repair and metalling of a portion of the road near Dugarazpatam, where it is in a very bad state, and improving the approaches to two bridges, as well as keeping the road throughout in fair order. I solicit early sanction to this estimate, in order that the work may be commenced as soon as possible. Funds are granted for the same in the Budget of the current year.

2. The other two estimates, referred to in paragraph 43 of G. O. above quoted, will be submitted shortly.

No. 20.

ORDER THEREON, 1st June 1866, No. 1,735.

CIVIL WORKS, No. 6.

1. The Governor in Council sanctions the estimate, amounting to Rupees 1,600, for the annual maintenance of the road from Godoor to Dugarazpatam in the Nellore District, but Colonel Winscom will be reminded that the traffic returns required under the orders of Government, No. 2,705, dated 14th September 1865, should have accompanied his application.

2. The allowance now sanctioned has been provided for in the current year's Budget.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.
