No. 34. Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Department Public Works, dated Coonoor, 19th May 1866, No. 14:—

I have the honor to state that the estimate of Rupees 266 for lowering the floor of the Military Hospital at Malliapoorum, sanctioned in G. O. No. 617 of 22nd February 1866, is necessarily enhanced by a sum of Rupees 40, owing to its having been found in carrying out the operation that laterite rock, and not ordinary earth, was met with. I request, therefore, that sanction may be accorded for the increased amount of Rupees 306; whereof Rupees 187 having been spent up to 30th April, Rupees 119 remain to be provided from the Reserve of 1866-67.

MILITARY WORKS, No. 2.

Under the explanation which is afforded by the Superintending Engineer of the 7th Division, the Government sanction the revised estimate of Rupees 306 for lowering the floor of the Military Hospital at Malliapooram, and direct that the work be completed during the current year from the grant for Minor New Works under "Military" in the Malabar District.
