*Proceedings of the Madras Government, Public Works Department,
5th June 1866.*

No. 72. Read the following Endorsement of the Acting Consulting Engineer for Railways, dated Madras, 28th May 1866, No. 233 :—

Read the following letter from the Acting Agent and Manager of the Madras Railway Company, to the Acting Consulting Engineer for Railways, dated Madras, 25th May 1866, No. 296.

I have the honor to request sanction to establish an experimental station near the village of Vickramachee Choultry, about 87 miles from Madras, and between Vellore and Gooriattum. The distance between these stations is 15½ miles, and the Traffic Manager is of opinion that much local traffic is lost. Several petitions from persons residing in villages surrounding Vickramachee Choultry have from time to time been received, commencing so far back as 1859. The expense of making this temporary station will be about Rupees 500, of which Rupees 310 will be for a semaphore, available for any other station in the event of the experiment proving unsuccessful. If approved of, I will submit an estimate in due course.

1. I recommend that the sanction of Government be accorded to the establishment of a temporary station at a distance of about 87 miles from Madras.

2. The Acting Agent has been informed that I approve of the arrangement, and he has been requested to submit an estimate of the cost for sanction.

(Signed) J. H. M. SHAW STEWART, Major, R. E.,
Acting Consgr. Engr. for Railways.

No. 73. ORDER THEREON, 5th June 1866, No. 1,762.

RAILWAY, No. 9.

Under the circumstances explained by the Acting Agent and Manager, and on the recommendation of the Acting Consulting Engineer, the Government sanction the establishment of a temporary station near the village of Vickramachee Choultry which is about 87 miles from Madras and between the Railway stations at Vellore and Gooriattum.

(True Extract.)

MADRAS RAILWAY COMPANY.

AGENT AND MANAGER'S OFFICE.

Madras, *May 25th* 1866.

From

W. G. Smart Esq.,
Acting Agent and Manager. of the M. R.

To

Major J. H. & W. Shaw-Stewart, R.E.
Acting Consulting Engineer for Railways.

SIR,

I have the honor to request sanction to establish an experimental station near the village of Veeramaacher Shoulty about 87 miles from Madras, and between Vellore and Coonoor. The distance between these stations is 15 1/2 miles and the Traffic Manager is of opinion that much local traffic is lost. Several petitions from persons residing in villages surrounding Veeramaacher Shoulty have from time to time been received, commencing so far back as 1859. The expense of making this temporary station will be about Rs. 500, of which Rs. 310 will be for a Semaphore, available for any other station in the event of the experiment proving unsuccessful. I approved of, and will submit an estimate in due course.

I have the honor to be,

Yours most obedient servant,
W. G. Smart
Acting Agent & Manager
